## TREE PLANTATION PROGRAMME REPORT

**DATE:** 21-11-2018

**PLACE:** St. Mary Church, Panruti.

The NSS of St. Anne's College of Engineering and Technology, Panruti successfully completed the event of "Tree Plantation and Campus Cleaning" under the National Service Scheme (NSS) at Kokkupalayam village. Every man need the oxygen for their life and Trees are the foremost source of oxygen as well trees helps to reduce the level of CO<sub>2</sub>. The NSS officers and the Volunteers have planted 250 saplings in the surroundings of Kokkupalayam village.

The students also placed bricks around each plant and each student took the responsibility to nourish and maintain the allotted plant. Eventually, the ground attained a glorious look. As the whole world is facing the problem of global warming and to recover from such problem planting the trees has become one of the most important aspects. All the Volunteers were filled with joy after the tree plantation event was finished, because they contributed positively to nurture the nature.

**PLASTIC ERADICATION AWARENESS  
REPORT**

**DATE:** 10/04/2019

**PLACE:** Anguchettypalayam Village

our NSS Volunteers undertook a rally on 'Plastic Eradication Awareness' and the Volunteers cleaned the village roads, removed dust heaps, cleared the stagnant drainages and attempted to create awareness on cleanliness and hygiene. They swept and cleaned the roads of the village.

To make the drive more effective and to spread the message "No more Plastic Bags" to the maximum people, a rally was organized under the "Plastic Free Cleanliness Drive". This drive will create awareness among the people about the harmful effects of the single use plastic as a result they will be motivated towards the use of paper or fabric (Cotton or Jute) bags.
