### Industrial Visit Report

**Venue :** CHENNAI PORT TRUST, CHENNAI.

**Date :** 29-07-2017

#### Learning's from the Industrial Visit with Photograph:

The II year ECE students started the IV on 29.07.2017 at 5AM. They visited the Chennai Port Trust at morning session of the day. This visit was arranged to give an exposure to the students about the various operations and import & export procedures. The Chennai Port is an ISPS port i.e. International Ship and Port Facility Security. It has cargo movements from different countries to Chennai and vice versa. All are highly protected cargo. The port has full surveillance system (24x7). The presence of bomb squad and other security forces are available at all times. The Port of Chennai has 3 docks: Bharati Dock, Ambedkar Dock and Jawahar Dock. There is an entrance channel prevalent in Bharati Dock. The dock has 3 types of loading and unloading facility, namely: Oil jetty, Iron ore berth, Container terminal. There is a container freight station (CFS) where cargo is stuffed for export purposes.

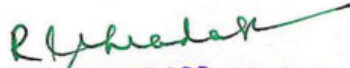

The Ambedkar Dock, contains a passenger terminal from Chennai to Andaman. This dock has cars being transferred from Chennai to other places. The ships can handle over 4500-5000 cars at a stretch which can be loaded for travel. And in Jawahar Dock all varieties of grains, fertilizers are transferred. The tug is used for ships that have heavy capacity. There is a pulling tug and a pushing tug. The port is operated 24x7. The port is inspected monthly once by the customs officers and section superintendent. There is a border security force all the time. On the whole, the trip was very useful for the students. They also learnt about the everyday transaction of goods etc. The Industrial Visit was co-ordinated by R.Radhakrishnan, Assistant Professor. His efforts was highly appreciated by the faculty and students of ST. Anne's CET.

*Sub : Free Visit to Radio Astronomy Center – Permission granted*

*Ref : Your Letter Ref-No. -- Email dt. 23-08-2017*

Dear Sir/Madam,

With reference to your above letter, we are pleased to accord our permission for visiting this Center, as detailed below.

No. of Persons Visiting : 45 students + 4 staffs

Date & Time of Visit : 01<sup>st</sup> September 2017 Time: 10:00 hrs to 16:00 hrs

Please see the information below :

(1) The Radio Astronomy Centre (RAC) is purely a research organization engaged in research & training Ph.D students in the field of Radio Astrophysics. It operates the Ooty Radio Telescope (ORT), which is an equatorial mounted cylindrical parabolic of size 530 m long and 30 m wide. The visiting students will be shown a video show on the radio telescope and basics of radio astronomy. They can also visit the telescope site and watch the rotation of the telescope. If you are bringing students for any industrial visit, you may please note that **RAC** is not a factory. No transport or accommodation will be provided by this center for the above visit. This visit is offered absolutely **FREE of Cost**.

(2) Saturdays and Sundays are holidays for the centre & hence if you plan to visit this centre on Saturdays, Sundays and Govt. holidays, you will be able to watch only the video show.

(3) To reach the Centre, you have to follow Melcowhatty village route via Ooty Bus Stand – Boat House – J.S.S. Public School – Theetukkal and bring your vehicle up to our premises in order to avoid 2 km walk. Each visitor should have a **valid Identity** card issued by the College/Organization authorities. You are required to maintain strict silence and discipline in the campus.

With regards,

D. Ravikumar SO (D)RAC

ANGUCHETTYPLAYAM, PANRUTI - 607 110.

### DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

#### REQUEST FOR INDUSTRIAL VISIT

1. Branch and Semester : ECE / V & VII
2. Nature of tour : Industrial visit
3. Places or Industries planned to visit : Radio Astronomy Centre( Ooty)
4. Proposed dates of tour or visit : 01/09/2017
5. Mode of journey : Bus only
6. Total number of students in class : 45
7. Total number of attending students : 38

(Attach students list as per Annexure IV)

- a. Number of Boys :19
- b. Number of Girls :19
8. Details of accompanying Faculty members :

S. NO.	NAME	DESIGNATION	DEPARTMENT	PHONE NUMBER	SIGNATURE
1.	Mrs. M. Vaidehi	Professor	ECE	9344937465	<i>M. Vaidehi</i>
2.	Ms. S. Devika	Assistant Professor	ECE	9791290257	<i>S. Devika</i>
3.	Ms.S.K. Suriya	Assistant Professor	ECE	9578573293	<i>S.K. Suriya</i>
4.	Mr. V. Venkatesan	Assistant Professor	ECE	7418018808	<i>V. Venkatesan</i>
5.	Mr. S. Durairaj	Assistant Professor	ECE	7868928094	<i>S. Durairaj</i>

9. Details of Industry from which permission obtained: (Attach copy of permission letter)
  - a. Industry1: Radio Astronomy Centre( Ooty)
  - b. Industry2:NIL

10. Total number of days:

- a. Number of nights :01
- b. Number of days :01

#### Signature of Class Representatives/ Industrial visit coordinators

1. Name... *M. PERUMAL* .....Signature..... *M. Perumal* .....
2. Name *J. Muthukumarasamy* .....Signature..... *J. Muthukumarasamy* .....

### TRAVEL PLAN FOR INDUSTRIAL VISIT

1. Branch & Semester : ECE/ V & VII
2. Nature of tour : Industrial visit
3. Dates of journey : From 31/08/2017(Night) To 02/09/17(Early Morning)
4. Total number of days : 01
5. Travel plan :

PARTICULARS	NIGHT 1	DAY 1	NIGHT 2	DAY 1
Date	31.08.17	01.09.17		
Boarding place & Time	College & 10:00 PM		Ooty & 6:00AM	
Places/Industry visited	-	Radio Astronomy Centre (Ooty)	-	
Destination Place & Time	-	Ooty & 7:00AM	-	College & 05:00 AM
Place of accommodation/Refreshment	-	Kunnur	-	
Remarks				

1. Details of journey(Use separate sheet if necessary)

a. Details of Bus

Address of Travel agency : viji Vishnu ;  
30- Bharathi road,  
Near GR hotel,  
Cuddalore.

Reg. no. of Bus : TN31 AE 1786

Seating capacity : 57

Whether the bus is A/c or non A/c : Non A/c

b. Details of accommodation

Address of hotel booked : NIL

➤ Night 1 : NIL

2. Total distance to destination : 384Km

3. Total fare/head (Including food/accommodation/bus or train charge) : 1300

Signature of Class Representatives/Tour coordinators

1. Name... M. PERUMAL ...Signature...   
2. Name... L. Muthukumarasingam ...Signature...

1. Mrs. M. Vaidehi /Professor
2. Ms. S. Devika / Asst.professor
3. Ms.S.K. Suriya/ Asst.professor
4. Mr. V. Venkatesan/ Asst.professor
5. Mr. S. Durairaj/ Asst.professor

**Learning's from the Industrial Visit with Photograph:**

The Radio Astronomy Centre (RAC) is part of the National Centre for Radio Astrophysics (NCRA) of the well-known Tata Institute of Fundamental Research (TIFR) which is funded by the Government of India through the Department of Atomic Energy. The RAC is situated near Udthagamandalam (Ooty) in the the beautiful surroundings of the Nilgiri Hills and it provides stimulating environment for the front-line research in radio astronomy and astrophysics with its excellent and highly qualified staff and international reputations. The Ooty Radio Telescope (ORT, as it is known) is a cylindrical paraboloid of reflecting surface, 530 m long and 30 m wide, placed on a hill whose slope of about 11 degree in the north-south direction which is the same as the latitude of the location of ORT. This makes it possible to track celestial objects for about 10 hours continuously from their rising in east to their setting in the west by simply rotating the antenna mechanically along its long axis. The antenna beam can be steered in the north-south direction by electronic phasing of the 1056 dipoles placed along the focal line of the reflector. The reflecting surface is made up of 1100 thin stainless steel wires, each 530 m long. It is supported by 24 parabolic frames separated by 23 m from each other. The telescope is operated at 327 MHz (a wavelength of 0.92 m) with 15 MHz usable bandwidth. The large size of the telescope makes it highly sensitive. As an example, it is in principle capable of detecting signals from a mere 1 watt

## PERMISSION LETTER

From

R.Radhakrishnan  
Industrial Visit Coordinator  
Department of Electronics and Communication Engineering  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To

The Principal  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the II & III year students of our department in accordance to their academic curriculum in the area of IoT. Hence, we are interested in requesting an industrial visit to Lansa Informatics Pvt Ltd, Coimbatore for further knowledge gaining of the students.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of March.

Thanking you,

DATE : 09-03-2018

LansA Informatics Pvt Ltd,  
No 165, 5<sup>th</sup> street,  
Crosscut road,  
Gandhipuram,  
Coimbatore-641012,  
Tamilnadu.

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

As you may be aware, St. Anne's College Of Engineering & Technology is one of the most reputed Engineering Institutions in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The College offers Bachelor degree course in ECE, CSE, EEE, and Mech. The state-of-the-art facilities and competent faculty provide an excellent climate for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial Visits to a few industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

In the above background, we would like to send a batch of about 41 students of **Electronics & Communication Engineering** branch of II year accompanied by 4 staff members to visit your esteemed industry preferably on/during 17/03/2018.

I request you, to kindly accord the necessary permission for the above visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit. We shall be grateful for a favorable response.

Thanking You,

Yours faithfully,

Principal

**Lansa Informatics Pvt Ltd**

Mon, Mar 12,  
6:09 PM

Dear Sir,

Thanks for choosing Lansa Informatics Pvt Ltd for your Industrial visit. Here by We are approved and pleased to offer Industrial visit for your students as per your request on 10-03-2018. Kindly give your coordinator name and contact details.

It is requested that students details (Name, Male/Female, rollno, date of birth) may be sent as soft copy in a word format at the earliest, so that we may be ready with arrangements from our end.

The fees per student will be Rs.200. Payment must be paid in the form of Cash on

Model Calculation for 18 students:  $41 * 200 = \text{Rs.}8200/-$

Timing 2 hours 30 mts. Kindly try to be in Time from 10.00hrs to 12.30 hrs.

**For any clarifications fell free to contact us.**

Thanks & Regards,

#### REQUEST FOR INDUSTRIAL VISIT

1. Branch and Semester : ECE / IV
2. Nature of tour : Industrial visit
3. Places or Industries planned to visit : **LansA Informatics Pvt Ltd (Coimbatore)**
4. Proposed dates of tour or visit : 17/03/2018
5. Mode of journey : Bus only
6. Total number of students in class : 41
7. Total number of attending students : 41

(Attach students list as per Annexure IV)

- a. Number of Boys :19
- b. Number of Girls :22

8. Details of accompanying Faculty members :

S. NO.	NAME	DESIGNATION	DEPARTMENT	PHONE NUMBER	SIGNATURE
1.	Mrs. B. Mary Amala Jenni	Assistant Professor	ECE	8056731960	
2.	Ms.S.K. Suriya	Assistant Professor	ECE	9578573293	
3.	Mr. V. Venkatesan	Assistant Professor	ECE	7418018808	
4.	Mr. S. Durairaj	Assistant Professor	ECE	7868928094	

9. Details of Industry from which permission obtained: (Attach copy of permission letter)

- a. Industry1: **LansA Informatics Pvt Ltd (Coimbatore)**
- b. Industry2: NIL

10. Total number of days:

- a. Number of nights :02
- b. Number of days :01

**Signature of Class Representatives/ Industrial visit coordinators**

1. Name : Kalaiselvan .S      Signature.....
2. Name: Dhamodaran .R      Signature.....

### Industrial Visit Report

**Venue :** Lansa Informatics Pvt Ltd, Coimbatore.

**Date :** 17-03-2018

#### **Learning's from the Industrial Visit with Photograph:**

An Industrial visit to “Lansa Informatics Pvt Ltd, No. 165, 5<sup>th</sup> street, Gandhipuram, Coimbatore-641012, Tamilnadu was organized by the Department of Electronics & Communication Engineering on Saturday, 17th March 2018. 41 ECE students and four faculty members visited Lansa Informatics Pvt Ltd to interact with the Software Industry to understand current market scenarios, latest most -demanding technologies & criteria for selection. Lansa Informatics Pvt Ltd is Company providing outstanding, cost-effective, effective result authorized on solutions. The objective is to create solutions that enhance company process and increase come back in most possible time. Lansa Informatics Pvt Ltd started truly providing solutions for different challenges across a wide range of market and customers propagate across the globe. The technical head of the Lansa Informatics Pvt Ltd has guided us with the recent technologies like E-Commerce Software Solutions, Mobile Commerce, Mobile Application development and Web technology. She also guided us to select the areas like Web Development, Mobile Application Development and Software testing etc., and its important in the current software market. Finally, it was an informative, interesting and a successful visit. As students of Computer Science and Engineering, they understand a live Software applications and importance of technology selection, etc . We express our thanks to the Technical Head and all team members of Lansa Informatics Pvt Ltd, who spent their valuable time for us. We also thankful to our respected Principal and HOD who motivate us to arrange such an informative visit.

## PERMISSION LETTER

From

S.Manavalan  
Industrial Visit Coordinator  
Department of Computer Science and Engineering  
St.Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To

The Principal  
St.Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the IV year students of our department in accordance to their academic curriculum in the area of Radio Astrophysics. Hence, we are interested in requesting an industrial visit to **Radio Astronomy Centre (RAC)**, Ooty for further knowledge gaining of the students.

The **Radio Astronomy Centre (RAC)** is part of the National Centre for Radio Astrophysics (NCRA) of the well-known Tata Institute of Fundamental Research (TIFR) which is funded by the Government of India through the Department of Atomic Energy.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of August 2017.

Thanking you,

  
Coordinator

2V CSE July 12 June 18

Sub: Requesting for Industrial visit.

\*\*\*

St. Anne's College of Engineering and Technology is affiliated to Anna University, Chennai. It is mandatory that our engineering college students have to undergo Industrial Visit as part of their Curriculum.

In connection to this, we need your kind permission for Industrial Visit to "RADIO ASTRONOMY CENTRE - OOTY" for our students of about 32 and 4 staffs from Computer Science and Engineering Department. We request you give permission on 24.08.2017. Kindly arrange as soon as possible since Anna university exams are nearing. Hope this will help our students to widen their knowledge.

Number of students : 32

**Sub : Free Visit to Radio Astronomy Centre – Permission granted**

**Ref : Your Letter Ref-No. -- Email dt. 13-07-2017**

Dear Sir/Madam,

With reference to your above letter, we are pleased to accord our permission for visiting this Centre, as detailed below.

No. of Persons Visiting : 32 students + 4 staffs

Date & Time of Visit : 24<sup>th</sup> August 2017 Time: 10:00 hrs to 16:00 hrs

Please see the information below :

(1) The Radio Astronomy Centre (RAC) is purely a research organization engaged in research & training Ph.D students in the field of Radio Astrophysics. It operates the Ooty Radio Telescope (ORT), which is an equatorially mounted cylindrical paraboloid of size 530 m long and 30 m wide. The visiting students will be shown a video show on the radio telescope and basics of radio astronomy. They can also visit the telescope site and watch the rotation of the telescope. If you are bringing students for any industrial visit, you may please note that RAC is not a factory. No transport or accommodation will be provided by this centre for the above visit. This visit is offered absolutely **FREE of Cost**.

(2) Saturdays and Sundays are holidays for the centre & hence if you plan to visit this centre on Saturdays, Sundays and Govt. holidays, you will be able to watch only the video show.

(3) To reach the Centre, you have to follow Melcowhatty village route via Ooty Bus Stand – Boat House – J.S.S. Public School – Theetukkal and bring your vehicle up to our premises in order to avoid 2 km walk. Each visitor should have a **valid Identity card** issued by the College/Organization authorities. You are required to maintain strict silence and discipline in the campus.

With regards,

D. Ravikumar SO (D)RAC

## **Industrial Visit Report**

**Venue :** Radio Astronomy Centre(RAC),Ooty

**Date :** 24-08-2017

### **Learning's from the Industrial Visit with Photograph:**

The IV year CSE students started the Industrial visit on 23.08.2017 at 8.00PM. Then they went to Radio Astronomy Centre(RAC) in Ooty on 24.08.2017. A lecture was given on topics of Radio Frequencies. They discussed about the career and placement guidance. The students learnt a lot which really help them to grow in their career. The students have gained knowledge about radio transmission. It was very useful to the students. After completing the session of company visit students taken photos along with the radio Towers. Then they visited the Doddabetta & Tea Factory in Ooty. An entire tea history and processing is explained. The students evinced keen interest in knowing all aspects about tea manufacture. The students visited some places in Ooty on 24-08-2017 & 25-08-2022 also. They reached the college by 26.08.2022 at 6.00 am.

## PERMISSION LETTER

From

S.Manavalan  
Industrial Visit Coordinator  
Department of Computer Science and Engineering  
St.Anne's College of Engineering and Technology  
Anguchettyalayam, Panruti.

To

The Principal  
St.Anne's College of Engineering and Technology  
Anguchettyalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the III year students of our department in accordance to their academic curriculum in the area of satellite communication. Hence, we are interested in requesting an industrial visit to **ISRO, Mahendragiri** for further knowledge gaining of the students.

**ISRO** Propulsion Complex (IPRC), Mahendragiri is equipped with the state-of-the-art facilities necessary for realising the cutting edge propulsion technology products for the Indian space programme.

The activities carried out at IPRC, Mahendragiri are: assembly, integration and testing of earth storable propellant engines, cryogenic engines and stages for launch vehicles; high altitude testing of upper stage engines and spacecraft thrusters as well as testing of its sub systems.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of September 2017.

Thanking you,

Coordinator

Dear Sir/Madam,

Sub: Permission for Industrial Visit – Reg.

As you may be aware, St. Anne's College of Engineering and Technology is one of the most reputed Engineering Institutions in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The College offers Bachelor degree course in ECE, CSE, EEE, and Mech. The state-of-the-art facilities and competent faculty provide an excellent climate for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial Visits to a few industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

In the above background, we would like to send a batch of about 49 students of Computer Science and Engineering branch of II year accompanied by 04 staff members to visit your esteemed industry preferably on/during 16-03-2018.

I request you, too kindly accord the necessary permission for the above visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit. We shall be grateful for a favorable response.

Thanking You,

Yours faithfully,

## Industrial Visit Report

**Venue :** Doordarshan,HPT,Kodaikanal.

**Date :** 16-03-2018

### Learning's from the Industrial Visit with Photograph:

The II year CSE students started the Industrial visit on 15.03.2018 at 8.00PM. Then they went to **Doordarshan,HPT,Kodaikanal**.on 16.03.2018.A lecture was given on topics of Radio Frequencies & Broadcasting techniques . They discussed about the career and placement guidance. The students learnt a lot which really help them to grow in their career. The students have gained knowledge about radio transmission. It was very useful to the students. After completing the session of company visit students taken photos along with the Transmission Towers. Then they students visited some places in Kodaikanal on 16-03-2018. They reached the college by 17.03.2018 at 7.00 am.

## PERMISSION LETTER

29.06.2017

From

V. Balaji  
Industrial Visit Coordinator  
Department of Electrical and Electronics Engineering  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To

The Principal  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

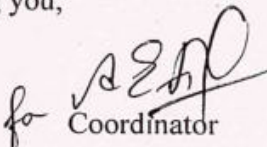

Respected Sir,

SUB: Permission for Industrial Visit - Reg.

It is required to arrange an Industrial Visit for the III-year and IV-year students of our department in accordance to their academic curriculum in the power plant engineering. Hence, we are interested in requesting an industrial visit to Kudankulam Nuclear power project for further knowledge gaining of the students.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of March.

Thanking you,

  
Coordinator

Sir,

Sub: Requesting Permission for our Students to Undergo Industrial Visit in  
your Organization - Reg.

\*\*\*

The following students of our college are Pursuing fulltime UG in Electrical and Electronics Engineering. As a part of Curriculum, they have to undergo Industrial Visit in any Industry for completing their Course.

We assure that they will abide by the rules and regulations of your Organization. Hence, kindly permit our students to undergo Industrial Visit in Kudangulam Nuclear Power Project, for a one day Industrial Visit during the month of AUGUST 2017 (18-08-2017). Hence, it is requested to permit our students as per the details given below to undergo Industrial Visit and hope this will gain knowledge to our students.

Total Number of Students: 45

Total Number of Staffs : 05

Thanking you,

Dear Sir/ Madam,

St. Annes College, Panruti.

This is to inform you that your visit to KKNPP on 05.09.17 is confirmed by the competent authority of KKNPP.

You are requested to send the visitors list in the format given below or enclosed excel sheet format, by return e-mail with attachment (in MS excel format) for entry purpose at KKNPP immediately.

1. Name of the visitors
2. Age & gender of the visitors
3. ID proof: Indicate name only (ID card/voter ID/driving license/any other valid IDs)
4. Vehicle No.
5. Name & age for the Driver and cleaner
6. Driving license No.

(RC book, FC, Insurance, Tax & other relevant documents for the vehicle should be valid as on the date of visit and to be produced on entry of KKNPP main gate)

<https://mail.google.com/mail/u/0/?ui=2&ik=4ef557a238jsver=C507HgUoRz-I en &view=pt&q=vnmurugan%40kknpp.com&qs=true&search=query&th> 1/4

Sl.No	Name of the visitor	Age	Gender	ID proof

You are requested to report at KKNPP Main gate before 09.30 A.M. on the above said date. As commissioning activities are going on, visit to Reactor Building is not possible.

Note:

1. The Coordinator / Incharge requested to provide the Photocopy (Xerox copy) of his / her Identity card in addition to the original ID card for submission at the Security Gate.
2. Students shall be in School/College uniform with safety shoes.
3. There is no entrance fee/parking charges or other charges for visiting KKNPP.
4. As part of security measures mobile phones/Camera/laptop/USB /Any electronic devices are not allowed inside the Site.
5. No baggages allowed inside plant premises.
6. Children below age of 14 are not permitted inside the plant premises.

7. Visitors without valid original ID Proofs will not be permitted inside Plant premises.
8. Please bring Xerox copy of ID proof for any one of the visitor to make gate pass at KKNPP.
9. Snacks and Lunch will be provided by us at site at free of cost.
10. Visitors are expected to be in good health and sound mind.

Kindly acknowledge by reply mail with your contact detail.

You may please contact the following telephone no. for further details.

Thanking you,

R. Velmail Murugan  
Member, Public Awareness Committee  
9489046177.

J. Deva Prakash,  
Manager, Public Awareness and Press Relation  
9489080641.

You are requested to contact Mr. Ramakrishnan (94890 80642) Half an hour before reaching KKNPP main gate on the date of visit for the pass arrangement.

**KKNPP WELCOMES YOU ONE AND ALL**

## DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

### Industrial Visit Report

**Venue:** Nuclear Power Plant, Kudankulam, TN

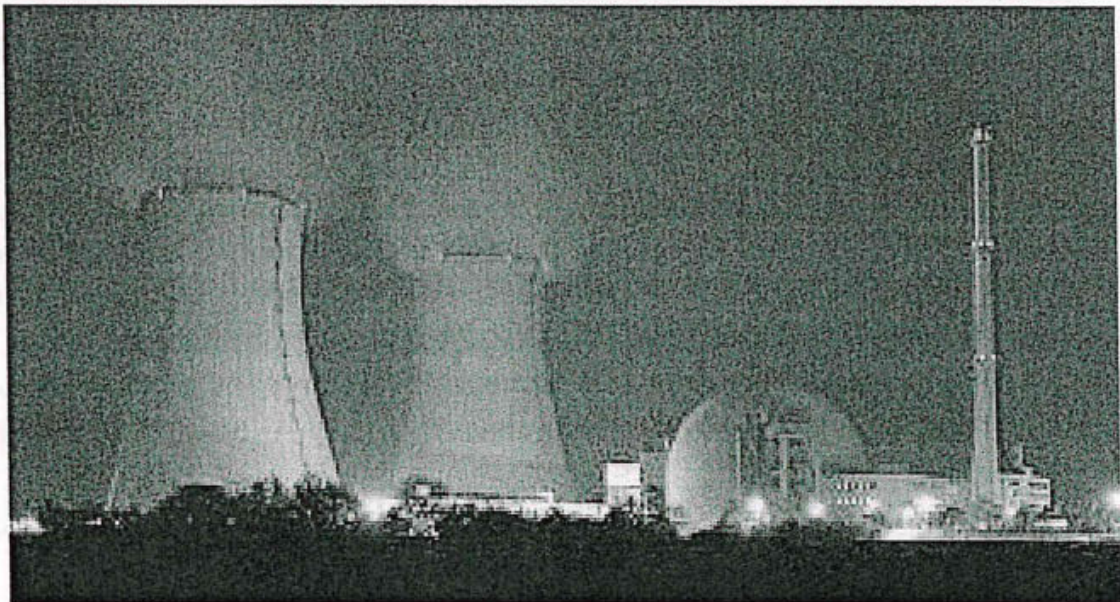

**Date:** 05.09.2017

**Accompanied by:**

1. Mr. Ramesh
2. Mr V.Balaji
3. Mr. A. Richard Pravin

### **Learning's from the Industrial Visit with Photograph:**

The students of the department of EEE visited the KNLP as a part of their curriculum. To enhance the practical knowledge in power plant engineering they visited the power plant and learned the following things.

Kudankulam Nuclear Power Plant is the largest nuclear power station in India, situated in Kudankulam in the Tirunelveli district of the southern Indian

state of Tamil Nadu. Construction on the plant began on 31 March 2002, but faced several delays due to opposition from local fishermen.

The first reactor of the plant attained criticality on 13 July 2013 and was connected to the grid three months later. It started commercial operation from 31 December 2014. The second unit achieved criticality on 10 July 2016 and was connected to the grid in August. Commercial operation started on 15 October 2016. The Kerala State Electricity Board (KSEB) board members have approved signing of a power purchase agreement (PPA) with the Nuclear Power Corporation of India (NPCIL) for sourcing electricity from the Kudankulam nuclear power project (KKNPP). Unit 1 was shut down in June 2015 for refuelling and annual maintenance. On 21 January 2016 the reactor restarted and was connected to grid on 30 January 2016. Kudankulam Nuclear Power Project Site Director D.S. Choudhary stated on 26 January 2018 that units 1 and 2 of the nuclear plant had generated a combined total of 22,800 million units since they began functioning.

A small port became operational in Kudankulam on 14 January 2004. This port was established to receive barges carrying over-sized light water reactor equipment from ships anchored at a distance of 1.5 kilometres (0.93 mi). Until 2004, materials had to be brought in via road from the port of Thoothukudi, risking damage during transportation. In 2008, negotiations on building four additional reactors at the site began. Though the capacity of these reactors had not been declared, it was expected that the capacity of each reactor will be 1,200 MW (1.2 GW). The new reactors would bring the total capacity of the power plant to 6,800 MW (6.8 GW).

The ground-breaking ceremony for construction of third and fourth units was performed on 17 February 2016 and AERB authorised the first pour of concrete on 19 June 2017. Construction of the third and fourth units started on 29 June 2017. AERB granted excavation permit for Unit 5 and 6 in 14 November 2018 and concrete pour begun in 2020. Construction of units 5 and 6 commenced on 29 June 2021. Unit 5 is expected to be ready for commissioning in December 2026, while unit 6 is expected to be ready by September 2027.

The students visited such a wonderful powerplant enthusiastically and learned about the power production in the plant. They returned college with full enthusiasm.

### PERMISSION LETTER

From,

Mr. V.BALAJI,  
Industrial Visit Co-ordinator,  
Department of Electrical and Electronics Engineering,  
St. Anne's College of Engineering and Technology,  
Anguchettypalayam, Panruti.

26.02.18

To

The Principal,  
St. Anne's College of Engineering and Technology,  
Anguchettypalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit - Reg.

It is required to arrange an Industrial Visit for the II year and IV Semester students of our department in accordance to their academic curriculum in the area of energy storage. Hence, we are interested in requesting an industrial visit to Doordarshan, Kodaikannal for further knowledge gaining of the students.

The Doordarshan is part of the National Centre for Radio Astrophysics (NCRA) of the well-known Tata Institute of Fundamental Research (TIFR) which is funded by the Government of India through the Department of Atomic Energy. The RAC is situated near Udthagamandaram, Kodaikannal in the beautiful surroundings of the Kodaikannal and it provides stimulating environment for the front-line research in radio astronomy and astrophysics with its excellent and highly qualified staff and international reputations. On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of July.

Thanking you,

Coordinator

Dear Sir,

Sub: Permission for Industrial Visit - Reg.

As you may be aware, St. Anne's College of Engineering and Technology is one of the most reputed Engineering Institutions in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The College offers Bachelor degree course in ECE, CSE, EEE, and Mech. The state-of-the-art facilities and competent faculty provide an excellent climate for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial Visits to a few industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

In the above background, we would like to send a batch of about 34 students of Department of Electrical and Electronics Engineering III year accompanied by 4 staff members to visit your esteemed industry preferably on 02.03.2018.

I request you, to kindly accord the necessary permission for the above visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit. We shall be grateful for a favorable response.

Thanking You,

2 Mr.V.Balaji

3 Ms.M.Premalatha

**Learning's from the Industrial Visit with Photograph:**

**Ooty Radio Telescope Ootacamund (Ooty).**

The Ooty Radio Telescope is located in Ootacamund (Ooty), south India. It is part of the National Centre for Radio Astrophysics (NCRA) of the well known Tata Institute of Fundamental Research (TIFR) which is funded by the Government of India through the Department of atomic energy. The Ooty Radio Telescope (ORT) is a 530-metre (1,740 ft) long and 30-metre (98 ft) cylindrical parabolic antenna. It operates at a frequency of 326.5 MHz with a maximum bandwidth of 15 MHz at the front-end. The large size of the telescope makes it highly sensitive. As an example, it is in principle capable of detecting signals from a mere 1 watt radio station located 10 million km away in space. The telescope sits on a natural slope of 11°, which matches the latitude of the location. This gives the telescope an equatorial mount which allows tracking of celestial sources for up to ten hours in the east-west direction. In the north-south direction, the telescope operates as a phased-array and is steerable by varying the phase gradients.

The telescope can be operated in either total power or correlation mode. In each mode, 12 beams are formed and Beam 1 is the southern most beam and Beam 12 is the northern most. These 12-beam systems are useful in sky-survey type of observations. Recently, the reflecting surface of the QRT has been refurbished. A new digital back-end has been built for the ORT by the colleagues at Raman Research Institute (RRI), Bangalore.

## PERMISSION LETTER

From

V. Balaji  
Industrial Visit Coordinator  
Department of Electrical and Electronics Engineering  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To

The Principal  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the III year of our department in accordance to their academic curriculum in the area of Communication. Hence, we are interested in requesting an industrial visit to Doordharshan, Kodaikanal for further knowledge gaining of the students.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of March 2018.

Thanking you,

DATE: 07-02-2018

PLACE: Anguchettypalayam

PRINCIPAL

Date : 08.02.2018

To

The Deputy Manager,  
HPT Kodaikanal.  
St. Mary's Road,  
Kodaikanal- 624101.

Sir,

Sub: Permission for Industrial Visit – Reg.

\*\*\*

As you may be aware, St. Anne's College of Engineering and Technology is one of the most reputed Engineering Institutions in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The College offers Bachelor degree course in ECE, CSE, EEE, and Mech. The state-of-the-art facilities and competent faculty provide an excellent climate for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial Visits to a few industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

In the above background, we would like to send a batch of about 44 students of Department of Electrical and Electronics Engineering III year accompanied by 4 staff members to visit your esteemed industry preferably on 02.03.2018.

I request you, to kindly accord the necessary permission for the above visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit. We shall be grateful for a favorable response.

Thanking You.

Sub: Request for industrial visit at Doordarshan, High Power Transmitter,  
Kodaikanal.

Sir,

Permission is granted for 3<sup>rd</sup> year EEE students of your college to visit Doordarshan, High Power Transmitter, Kodaikanal on 2nd of March, 2018. Industrial visit fees as per Prasar Bharati Rs.300/- per student plus Rs.54/- GST per student total amounting to  $(45 \times 354 = 15,930/-)$  Rs.15,930/- (Rupees fifteen thousand nine hundred and thirty only). Demand Draft maybe taken in favour of DDO.DOORDARSHAN,HPT.KODAIKANAL,"PAYABLE AT KODAIKANAL".

Industrial visit for student has to compulsory to wear college ID Card. The list of students and faculty members may be given at the time of industrial visit.

Yours faithfully,

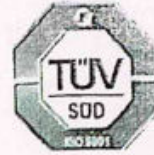

R. Srinivasan

## Industrial Visit Report

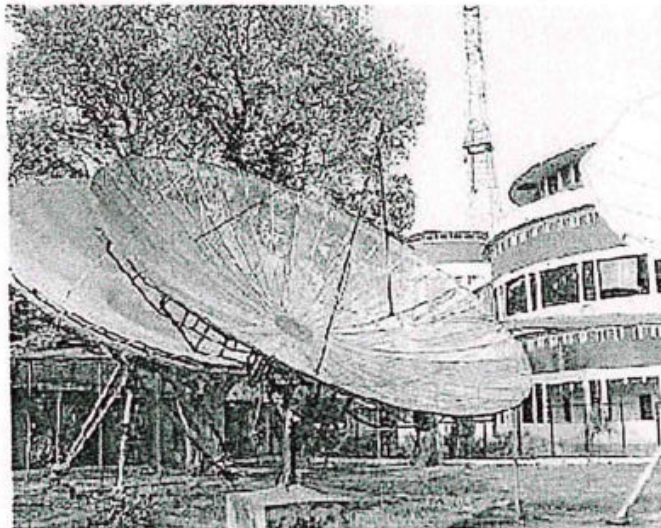

**Venue:** Doordharshan, Kodaikanal

**Date:** 02.03.18

**Accompanied by:**

1. Mr. Ramesh
2. Mr A. Richard Pravin
3. Mr. K. Sriram

**Learning's from the Industrial Visit with Photograph:**

At Doordarshan Kodaikkanal, students and faculties were received by Doordarshan team members, who explained the students about the team operation carried out at Doordarshan T.V tower. In Doordarshan Kendra, Students visited the entire studio like control room, music studio, playback studio, talks studio, Transmitter Section and recording room. Doordarshan team members explained to the students the concept of broadcasting and said Pitampura T V tower receives high frequency C band signal from the satellite which was first converted into L band to reduce losses during transfer of signal from received to transmitter. The audio and video signal are separately modulated into FM and AM signal and before transmission both signals are merged together to form a single channel.

During this visit, students got an opportunity to know the technical details of Satellite Coverage, broadcasting of the TV Channels, broadcasting techniques, ground transmitters, sound controller, video controller, transmission through TV tower etc.

The Industrial visit to "DOORDARSHAN TV TOWER" was like a feast to student's mind and eyes both as they had opportunity to explore the new roads and hills that took them to new path of knowledge. The trip was exceptionally good & knowledgeable for all students.

#### Industrial Visit Report

**Venue:** LANSA INFORMATICS PVT LTD, Coimbatore

**Date:** 21.09.2018

#### **Learning's from the Industrial Visit with Photograph:**

The III year CSE students started the IV on 20.09.2018 at 10 PM. They visited the Marudhamalai Temple on next day morning. Then they went to industrial visit to LANSA INFORMATICS PVT LTD in Coimbatore on 21.09.2018. A seminar was taken on Android Applications and Development. The students have gained knowledge about the various version of android, how to develop an application in android. A real time demo is shown to us about the android application for voice to text conversion. They explained about different kinds of fingerprint sensor and scanners and it was very useful to students. Students raised many quires regarding the seminar and learnt technical knowledge. It was very useful to the students. Then they visited Kovai Kutralam and Isha Yoga meditation centre. They reached the college by 22.09.2018 at 5 am.

Sub: Requesting for Industrial Visit - IV year

Respected Sir,

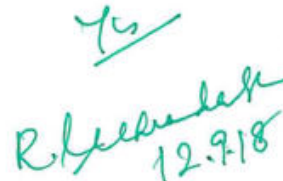

As a part of the curriculum, the students are required to go for an Industrial Visit. In our department we have planned to go for an Industrial Visit at "GATEWAY SOFTWARE SOLUTIONS" Coimbatore. We planned to take IV year students to this Industry.

This Industry provides various software services and solutions to these clients. It provides mobile application development services.

Benefits in visiting this Industry.

1. The students can gain knowledge in mobile application development.
2. As the students are in final year, they can improve their software skills according to the industry expectations.

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

As you may be aware, St. Anne's College of Engineering and Technology is one of the most reputed Engineering Institutions in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The College offers Bachelor degree course in ECE, CSE, EEE, and Mech. The state-of-the-art facilities and competent faculty provide an excellent climate for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial Visits to a few industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

In the above background, we would like to send a batch of about 30 students of **Computer Science and Engineering** branch of **IV** year accompanied by 04 staff members to visit your esteemed industry preferably on/during 21.09.2018.

I request you, to kindly accord the necessary permission for the above visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit. We shall be grateful for a favorable response.

Number of Students: 30

Number of staffs: 4

With regards.

Respected sister,

sub: A report on Industrial visit (VII semester) (21.09.2018).

We should thank our department for arranging such a wonderful industrial visit that helps to us to know about our specialized field computer science. The industry that we visited is Gateway software solutions, Coimbatore. In that company two lectures has been taken to us. one is about python and web designing. another lecture is on 'What we need to shine in our own field'. Both lecture taught us many things. We learnt a lot which is really help u to grow our carrier related things. lot of things to do in industries had been taught to us, which really helpful to us to know our carrier related things. From this industrial visit we learnt a lot especially field related knowledge, about some programming language, group / team work. We really thankful to our management and department.

Thanking you,

Yours Truly  
Y. Jennifer.

Respected sister.

As we went to Industrial visit to Gateway Global Solutions, Gandhinagar, Coimbatore. In this company they taken 3 sections. In first section they taught about the basic of Python and taught how to develop the application in Python. 2nd section they taught us about the web developing and designing the web and they discussed major role in their industry. In third section they taught about the final year project. Overall in this Industrial visit we get clear idea in web developing and they taught and guided how to improve our skills to enter into enterprizes and they also discussed about their enterprize.

Thanking you.

Yours obediently  
J. Monisha

# Doddabetta Tea Factory And the Tea Museum

## INDUSTRIAL VISIT CERTIFICATE

This is to certify that students of ST. ANNE'S COLLEGE OF ENGINEERING  
AND TECHNOLOGY - PANURUTI

visited The Doddabetta Tea Factory and the Tea Museum on 22.9.18

They were given first hand information of the entire tea history and processing. They participated in a guided factory tour in which the history of tea and the different stages of tea processing like withering, crushing, cutting / tearing / curling (CTC), shaping, fermentation, drying, cleaning and grading was explained to them. The students evinced keen interest in knowing all aspects about tea manufacture.

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

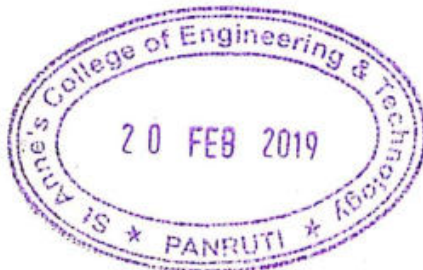

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

As a part of the Curriculum of 2<sup>nd</sup> year Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of a esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord Permission to visit your esteemed organization for a team of 55 four faculty & 51 Students in the forenoon session, as for your convenience as on any dates between 23<sup>th</sup> February 2019.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Waiting with Anticipation

With Regards

21.2.19

Dear Sir,

Thanks for choosing BSNL for your Industrial visit. Here by We are approved and pleased to offer Industrial visit for your students as per your request on 23-02-2019. Kindly give your coordinator name and contact details.

It is requested that students details (Name, Male/Female, rollno, date of birth) may be sent as soft copy in a Excel format at the earliest, so that we may be ready with arrangements from our end.

The fees per student will be Rs.200+18% Service Tax(Rs 236). Payment must be paid in the form of DD favouring "A.O (Cash) O/o CGM, BSNL, TN Circle, Chennai -2" payable at Chennai. A Single DD can be submitted for all the students put together.

BSNL is now offering 10% discount for a group having 26 to 50 students and 20% discount for a group having 51 and above students.

Model Calculation for 18 students:  $54 \times 189$  (inc Tax) = Rs.10,206/-

Take a single DD for the Amount Rs.10,206/-

Timing 2 hours 30 mts. Kindly try to be in Time from 1000hrs to 1230 hrs.

For any clarifications fell free to contact us.

Thanks & Regards,

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

### Industrial Visit Report

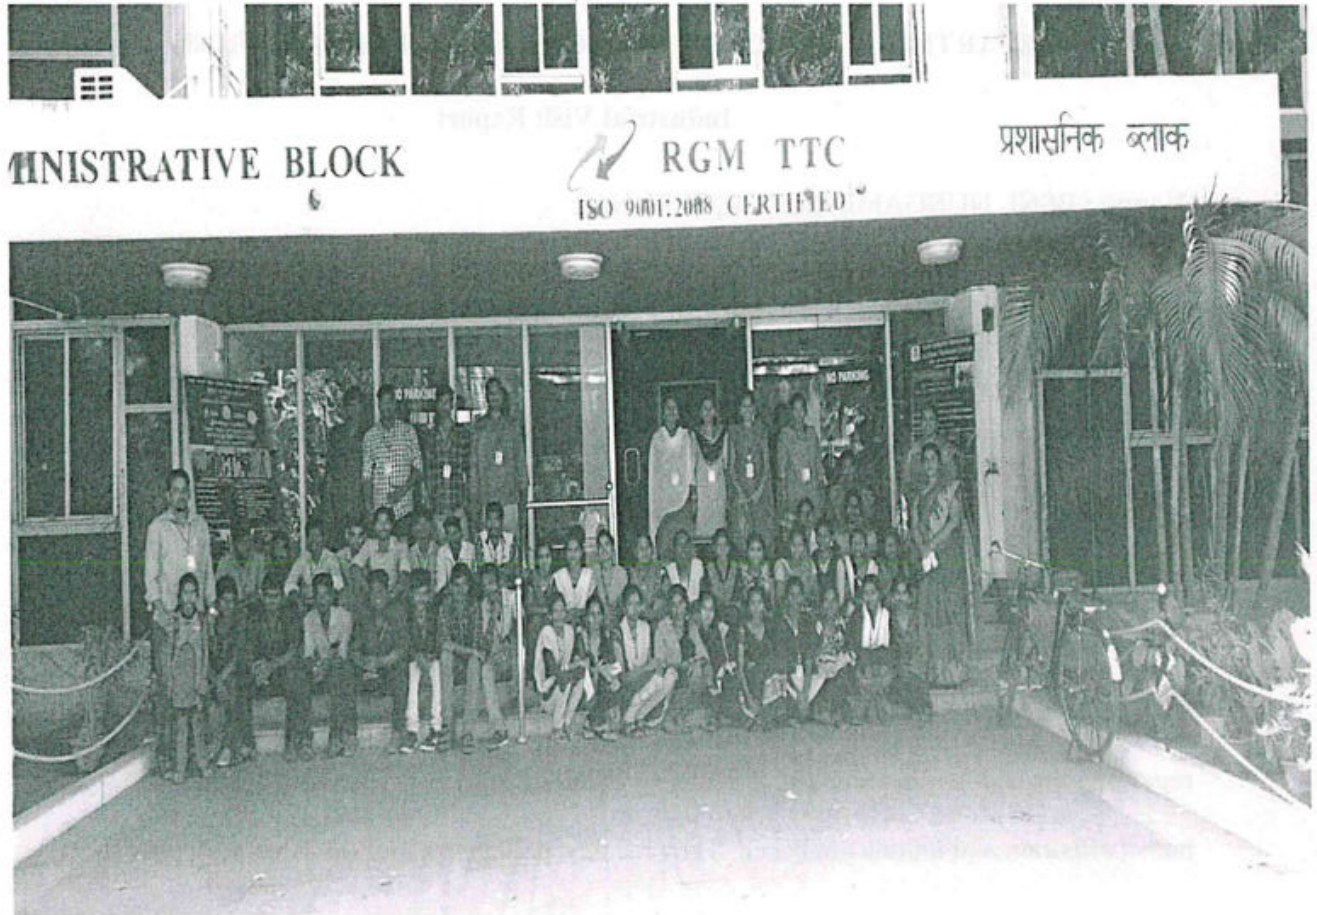

**Venue :** BSNL, NUNGAMBAKKAM, CHENNAI.

**Date :** 23-02-2019

#### **Learning's from the Industrial Visit with Photograph:**

The II year CSE students started the IV on 23.2.2019 at 5AM. They visited the BSNL company at morning session of the day. Then the session was started 10.am and the classes went for one hour theoretically, after that went to practical session about broadband speed and LAN connections. The students have gained knowledge about the LAN, WAN. A real time demo is shown to us about the LAN and WAN. Students raised many questions regarding the seminar in technical. It was very useful to students. Then they visited mahapalipuram and muttukadu beach. They reached college by 23.2.2019 at 11.30 pm.

To

The Principal  
St.Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the III-year and IV-year students of our department in accordance to their academic curriculum in the power plant engineering. Hence, we are interested in requesting an industrial visit to Kudankulam Nuclear power project for further knowledge gaining of the students.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in the month of March.

Thanking you,

  
Coordinator

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

As you may be aware, St. Anne's College Of Engineering and Technology is one of the most reputed Engineering Institutions in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The College offers Bachelor degree course in ECE, CSE, EEE, and Mech. The state-of-the-art facilities and competent faculty provide an excellent climate for the all-round development of the students.

As a part of the curriculum, the 2<sup>nd</sup> year and 3<sup>rd</sup> year students are required to undertake Industrial Visits to a few industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

In the above background, we would like to send 2<sup>nd</sup> and 3<sup>rd</sup> year students of Electrical and Electronics Engineering accompanied by 5 staff members to visit your esteemed industry preferably on 04.03.2019.

I request you, to kindly accord the necessary permission for the above visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit. We shall be grateful for a favorable response.

Thanking You,

## DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

### Industrial Visit Report

**Venue:** Nuclear Power Plant, Kudankulam, TN

**Date:** 04.03.2019

**Accompanied by:**

1. Mr. Ramesh
2. Mr V.Balaji
3. Miss. Arul Martinal
4. Ms. M. Premalatha
5. Mr. Michel Chinnappa Raj

### **Learning's from the Industrial Visit with Photograph:**

As a part of the syllabus of the EEE students, the visit to Koodankulam Nuclear Power Plant was arranged by the department of EEE. The students went to KNLP for learning something about the power plant. To enhance the practical knowledge in power plant engineering they visited the power plant and learned the following things.

Kudankulam Nuclear Power Plant is the largest nuclear power station in India, situated in Kudankulam in the Tirunelveli district of the southern Indian state of Tamil Nadu. Construction on the plant began on 31 March 2002, but faced several delays due to opposition from local fishermen.

The first reactor of the plant attained criticality on 13 July 2013 and was connected to the grid three months later. It started commercial operation from 31 December 2014. The second unit achieved criticality on 10 July 2016 and was connected to the grid in August. Commercial operation started on 15 October 2016. The Kerala State Electricity Board (KSEB) board members have approved signing of a power purchase agreement (PPA) with the Nuclear Power Corporation of India (NPCIL) for sourcing electricity from the Kudankulam nuclear power project (KKNPP). Unit 1 was shut down in June 2015 for refuelling and annual maintenance. On 21 January 2016 the reactor restarted and was connected to grid on 30 January 2016. Kudankulam Nuclear Power Project Site Director D.S. Choudhary stated on 26 January 2018 that units 1 and 2 of the nuclear plant had generated a combined total of 22,800 million units since they began functioning.

A small port became operational in Kudankulam on 14 January 2004. This port was established to receive barges carrying over-sized light water reactor equipment from ships anchored at a distance of 1.5 kilometres (0.93 mi). Until 2004, materials had to be brought in via road from the port of Thoothukudi, risking damage during transportation. In 2008, negotiations on building four additional reactors at the site began. Though the capacity of these reactors had not been declared, it was expected that the capacity of each reactor will be 1,200 MW (1.2 GW). The new reactors would bring the total capacity of the power plant to 6,800 MW (6.8 GW).

The ground-breaking ceremony for construction of third and fourth units was performed on 17 February 2016 and AERB authorised the first pour of concrete on 19 June 2017. Construction of the third and fourth units started on 29 June 2017. AERB granted excavation permit for Unit 5 and 6 in 14 November 2018 and concrete pour begun in 2020. Construction of units 5 and 6 commenced on 29 June 2021. Unit 5 is expected to be ready for commissioning in December 2026, while unit 6 is expected to be ready by September 2027.

The students visited the powerplant and learned things in electricity production.

## PERMISSION LETTER

From

R Radhakrishnan  
Industrial Visit Coordinator  
Department of Electronics and Communication Engineering  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To

The Principal  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the III year students of our department in accordance to their academic curriculum in the area of Doordarshan, kodaikanal. Hence, we are interested in requesting an industrial visit to Doordarshan High Power Transmitter, Kodaikanal for further knowledge gaining of the students.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of March.

Thanking you,

DATE: 25.02.2019

PLACE: Anguchettypalayam

Coordinator

**Deputy General Manager**

Prasar Bharati

Broadcasting Corporation Of India

High Power Transmitter Doordarshan

St Marys Road

Kodaikanal - 624101

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

As a part of the Curriculum of 3<sup>rd</sup> year Department of Electronics and Communication Engineering Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of an esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord Permission to visit your esteemed organization for a team of 44 (4 faculty & 40 Students) either in the forenoon or afternoon session on 02.03.2019

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Waiting with Anticipation

Thanking you

With Regards

*R. Arukiadess*

## DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

### Industrial Visit Report

**Venue:** Doordarshan High Power Transmitter, Kodaikanal.

**Date :** 02-03-2019

#### Learning's from the Industrial Visit with Photograph:

Doordarshan (DD) is an autonomous Government of India founded public service broadcaster.. In Doordarshan HPT, Kodaikanal video and audio carriers can be generated, modulates and amplified separately, combined in the diplexer at the transmitter output. But, in LPT audio and video signals are modulated separately but amplified jointly. The received program signals are amplified and filtered using exciter arrangement of 10 kW capacities. It consists of 6 amplifiers each of 2 kW capacities. Among, the 6 amplifiers, first 5 amplifiers are used for video signal processing and 1 for audio signal processing. The Amplitude Modulation (AM) technique is for video signal processing with the video carrier frequency of 224.25MHz. Similarly, the audio amplifier uses Frequency Modulation (FM) technique with Audio carrier frequency of 229.75MHz. The Vestigial Side Band Transmission (VSBT) method is used for broadcasting the program, which limits the number of channels in the spectrum allotted for TV. There are two types of transmitters are in use; they are Rohde and Schwarz which is for DD1 and NEC for DD news. The transmitter mast is generally has a height of 150 mts. It has two transmission stages i.e. lower band (LB) and upper band (UB). The entire process requires 60 kVA Uninterrupted Power Supply (UPS) and Automatic Voltage Regulator (AVR) arrangement. The exciter arrangement and transmitter cable are maintained in a air-conditioned room and with moisture remover arrangement to avoid disturbances in the broadcasting signal. Interactive session with the Doordarshan engineers has increased the student's confidence.

Dear Sir,

Sub: Requisition for Industrial visit – Reg.

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

As a part of the curriculum of 2<sup>nd</sup> year Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of an esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord permission to visit your esteemed organization for a team of 24, two faculty & students either in the forenoon or afternoon session, on 21<sup>st</sup> September.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Waiting with Anticipation

With regards

*R. Arukiadass*

### DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

#### Industrial Visit Report

**Venue:** Doordarshan Kendra (Puducherry)

**Date :** 21/09/2018

**Accompanied by:**

1. Mrs. D.Umamaheswari /Associate Professor
2. Mr.V .Venkatesan/ Asst.Professor
3. Ms.S.K. Suriya/ Asst.Professor
4. Mr. S. Durairaj/ Asst.Professor

**Learning's from the Industrial Visit :**

An Industrial visit to Doordarshan Kendra Pondicherry was organized for 3<sup>rd</sup> semester on 21<sup>th</sup> Sep, 2018. Total of 20 students & 4 faculties from the Department attended the same. The purpose of this visit is to develop their technical skills and to enhance their practical knowledge towards Communication Technology.

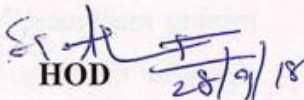

Mr. A.Navaneetha Perumal (Assistant Engineer) gave us some technical information about the position of lights i.e. backlight, front or key light & kill Light and cameras, as they are the most important part of their programme. There are total 3 ELG cameras & 1 ENG camera in that studio .Then he showed us the working of control room. At control room there are two Video mixing machine(VM), which mix the video output of those ELG cameras. He demonstrated us that how the video are transferred Central Control Unit (CCU) to Video Tape Recorder (VTR) then to CCVS (Color Composite Video Signal).Then he took us to Audio control room where the tally distribution and audio console is present. which they control the audio signals by altering the Frequencies of sound and different frequency band i.e. HF, VHF, UHF etc, Transmitter & Receiver, uplink & downlink frequency, Line of sight, analog & digital signal, resonance, microwave communication, satellite communication, waveguide, multiplexing, RF, digital encoding, quantization, noise, earth station, power supply, signal transmission, and many more Such devices and principles.

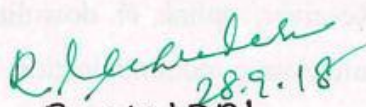

## Transmission part :

There is a transmission tower of height 150 meter (105 M is concrete & 45 M of antenna). Then he informed us how the transmission of signals takes place through satellite. He took us to the Blower Room where the surrounding air comes, filtered and retransmit to the machines for their good & efficient working. we visited the entire studio like control room, music studio, playback studio, talks studio, Transmitter Section, recording room; etc. All the students highly enjoyed their entire visit. It was an amazing experience of fun & learning, which we all have memorable reminiscences.

The trip was exceptionally good & knowledgeable for all of us. We look forward to make such visits in future too as technical visits gives practical and better understanding of subjects for us and update our knowledge. We thank our management & department for giving such a wonderful opportunity.

Minutes of Meeting of Anti-Ragging Committee held on 20.07.2018 at MPMC lab, at 11.00 am.

Members present:

- Anti - Ragging Committee coordinator.
- Anti - Ragging Committee squad members.

Points discussed:

- ✓ HOD'S of all the departments were instructed to keep a strict vigil to curb ragging.
- ✓ It is decided to watch students during break hours by Anti-Ragging squad members in and around the campus, viz., canteen, hostel mess, playground, library etc to curb ragging.
- ✓ The hostel wardens are asked to go for surprise visit often inside the hostel premises.
- ✓ Principal appreciated the Anti-Ragging squad members for effectively executing the works and it is decided to maintain the ragging free environment inside the college and hostel campus.

St. Anne's College of Engineering and Technology,  
Anguchettypalayam, Panruti.

To

The Principal,  
St. Anne's College of Engineering and Technology,  
Anguchettypalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit - Reg.

It is required to arrange an Industrial Visit for the III and IV students of our department in accordance to their academic curriculum in the area of energy storage. Hence, we are interested in requesting an industrial visit to Periyar Hydro Power Plant for further knowledge gaining of the students.

Periyar Hydroelectric Power Project India is located at Tirhena District, Tamil Nadu, India. This infrastructure is of TYPE Hydro Power Plant with a design capacity of 140 MWe. It has 4 unit(s). The first unit was commissioned in 1958 and the last in 1965. It is operated by Tamil Nadu Generation and Distribution Corporation Limited (TANGEDCO).

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of July.

Thanking you,

*J. Ramesh*  
Coordinator

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

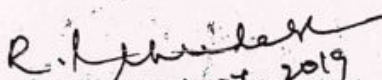

As a part of the Curriculum of 2<sup>nd</sup> year Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of an esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord Permission to visit your esteemed organization for a team of five faculty & 25 Students either in the forenoon or afternoon session, as for your convenience as on any dates between third week of July.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Waiting with Anticipation.

With Regards

to me

Dear Sir,

Thanks for choosing PERIYAR HYDRO POWER PLANT KUMLY for your Industrial visit. Here by We are approved and pleased to offer Industrial visit for your students as per your request on 12-07-2019. Kindly give your coordinator name and contact details.

It is requested that students details (Name, Male/Female, rollno, date of birth) may be sent as soft copy in a Excel format at the earliest, so that we may be ready with arrangements from our end.

**For any clarifications fell free to contact us.**

Thanks & Regards,

## DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

### Industrial Visit Report

Venue: Periyar hydro Power Plant Kumly

Date: 12.07.2019

Accompanied by:

1. Mr. A. SundaraPandiyan
2. Mr. K. Sriram
3. Ms. M. Premalatha
4. Mr. Micheal ChinnappaRaj

Learning's from the Industrial Visit with Photograph

The hydroelectric station at Lower Periyar in Theni district is the The 140 MW power station. After the water level in Mullaperiyar dam was brought down to 136 ft, the power generation was far below 500 million MW and even went lower than 400 million units. This year, abundant rainfall facilitated good water flow from the dam resulting in the power generation. However, now, the power generation in the station has come down to 18,000 units per hour due to reduction in water release from the reservoir. Out of the four generator units in the station, just one is being operated now. The total capacity of the station is 1.12 lakh unit per

hour when the four units are operated. One of the units was not operated in view of capacity augmentation works being carried out. Two other units were stopped during middle of February once water flow reduced. Though it was the routine to stop operation of all the four units in the first week of March and operate them again in June due to paucity of water as well as to facilitate maintenance works, this year the government has instructed TANGEDCO to operate one of the generator units till March 20, to enable power supply for agricultural purposes. Normally, the generators would need 300 cusecs of water flow to achieve full capacity generation and when the water flow falls below 150 cusecs, power generation would be impossible.

Respected Sir,

SUB: Permission for Industrial Visit - Reg.

It is required to arrange an Industrial Visit for the III and IV students of our department in accordance to their academic curriculum in the area of energy storage. Hence, we are interested in requesting an industrial visit to Saravana Global Energy Ltd for further knowledge gaining of the students.

SARAVANA GLOBAL ENERGY LIMITED (SGEL) is a reputed manufacturer of Alumina porcelain and Composite Insulators for all applications from 11kV to 1200kV for supply to all customers such as SEBs, EPCs, OEMs, Power Grid Corporation of India, NTPC, Railway Electrification and Export customers. Building on the core strength of SIL as one of the first plants in India to produce high strength Alumina porcelain and provide import substitute to Solid Core and Hollow Insulators, the promoters combined the expertise of SIL personnel in Production Techniques and added modern machinery and management approach to enhance Quality, Productivity and Efficiency.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of July.

Thanking you,

## DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

### Industrial Visit Report

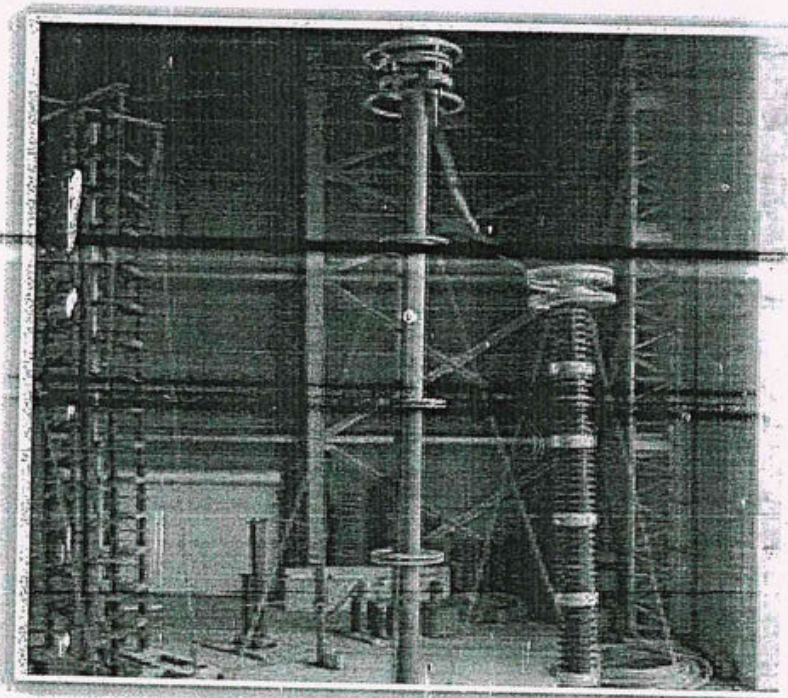

Venue: Saravana Global Energy, Kurinjipadi

Date: 22.07.2019

Accompanied by:

1. Mr K.Sriram
2. Mr J.Ramesh
3. Mrs J.Arul Martinal
4. Ms M.Premalatha

Learning's from the Industrial Visit with Photograph:

In 2003, Saravana Energy Limited (SEL) was formed by acquiring the assets of Seshasayee Industries Limited, an organization that had built up of formidable reputation since 1958 as manufacturers of quality high voltage porcelain insulators. The project had always utilized the latest collaboration with Merlin & Gerin France and a long term

consultancy arrangement with Luis Locatelli, the renowned specialist in ceramics and recipient of the Legion of Honour, France. The technical strength enabled the company to manufacture solid core insulators upto 400 KV, hollow bushings for Sf6 breakers/CT/CVT/LAS, long rod insulators for transmission lines and solid core railway insulators for 25KV railway electrification schemes. In 2003, Saravana Insulators Limited (SIL) was formed by acquiring the assets of Seshasayee Industries Limited, an organization that had built up of formidable reputation since 1958 as manufacturers of quality high voltage porcelain insulators. The project had always utilized the latest collaboration with Merlin Gerin France and a long term consultancy arrangement with Luis Locatelli, the renowned specialist in ceramics and recipient of the Legion of Honour, France. The technical strength enabled the company to manufacture solid core insulators upto 400 KV, hollow bushings for Sf6 breakers/CT/CVT/LAS, long rod insulators for transmission lines and solid core railway insulators for 25KV railway electrification schemes. To upgrade its product range and expand the capacity to 4000 tons per annum, the company has invested in its manufacturing plant located at Peddu Naicken Kuppam in Cuddalore District, Tamil Nadu. With this upgradation, SIL will be technologically the most sophisticated manufacturers of its product range in India. The promoters of Saravana Energy led by the industrialists, Mr. Padam J Challani and Mr. D.B. Prakash Chand Jain, have an excellent track record spanning over two decades in financial services and jewellery. Saravana Energy Limited (SEL) is a Public Limited Company promoted by leading entrepreneurs who are well experienced in finance, hire purchase and jewellery for more than two decades. Saravana Energy Limited (SEL) has been established by the promoters by purchasing the total assets of erstwhile Seshasayee Industries Limited who were prominent suppliers of high voltage insulators to electric power utilities and power projects for more than 25 years with their plants situated in Vadalur and Peddu Naicken Kuppam in Cuddalore District. Saravana Insulators Limited(SIL) after purchasing the total assets of Seshasayee have converted the two units into one total set up in the location of the second unit in Peddu Naicken Kuppam and many of the imported critical equipment which were in existence in the Unit I of Seshasayee were all shifted and erected, and total set up was revamped, modernized and expanded with a view to have a capacity of about 300 tonnes per month immediately and later on to 500 tonnes per month within a period of six months to manufacture the following range of sophisticated products required by power industry. Solid Core Post Insulators up to 400 KV Solid Core Long Rod Insulators up to 400 KV Hollow bushings, Sf6 Circuit Breakers, CTS / CTVS / lightning arrestors.

Sub: Requesting for INDUSTRIAL VISIT - IV YEAR CSE.

Respected Sir,

As a part of the curriculum,  
the students are required to go for 02 DAYS  
Industrial visit. In our department we have  
planned to go for an IV "TECHNOPARK  
CENTER, Technopark Campus, Thiruvananthapuram,  
Kerala - 695561. we planned to take  
IV year students (47) Partially, to this company.

Benefits in Visiting this Industry,

- \* Students can get knowledge in how was Machine Learning developing.
- \* They can improve skills according to the industry Expectations.

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

### Industrial Visit Report

Venue : Techno Park Thiruvanthapuram.

Date : 16-08-2019

#### Learning's from the Industrial Visit with Photograph:

The IV year CSE students started the IV on 15.08.2019 at 10PM. They visited the Techno Park company at morning session of the day. Then the session was started 11.am and the classes went for one hour theoretically, after that went to visit the company interior. The students have gained knowledge about the high level languages. A real time demo is shown to us about the project coding. Students raised many questions regarding the seminar in technical. It was very useful to students. Then they visited kovalam beach and karyakumari. They reached college by 18.8.2019 at 6.0 am.

Respected Sir,

SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the II year & III year students of our department in accordance to their academic curriculum in the area of Astrophysics. Hence, we are interested in requesting an industrial visit to Indian Institute of Astrophysics, Kodaikanal for further knowledge gaining of the students.

The Indian Institute of Astrophysics premier institute devoted to research in astronomy, astrophysics and related physics.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of August.

Thanking you,

Greetings to you from Kodaikanal Solar Observatory.

We are glad to inform you that your trip with students & Faculty on 16/August/2019 to visit Kodaikanal Solar Observatory is approved. Admission is free and there is no entrance fee. Camera & Cellphones are not allowed for students. However, staff members can take group pictures outside the museum for reporting purpose.

## DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING REQUEST FOR INDUSTRIAL VISIT

1. Branch and Semester : ECE / III & V
2. Nature of tour : Industrial visit
3. Places or Industries planned to visit : **Indian Institute of Astrophysics**
4. Proposed dates of tour or visit : 16.08.2019
5. Mode of journey : Bus
6. Total number of students in class : 36
7. Total number of attending students : 36

(Attach students list as per Annexure IV)

- a. Number of Boys :06
  - b. Number of Girls :30
8. Details of accompanying Faculty members :

S. NO.	NAME	DESIGNATION	DEPARTMENT	PHONE NUMBER	SIGNATURE
1	Mr. S.Durairaj	Assistant Professor	ECE	9789578316	<i>S. Durairaj</i>
2	Mr.B.Arunkumar	Assistant Professor	ECE	8610337460	<i>B. Arunkumar</i>
3	Mr. Radhakrishnan	Assistant Professor	ECE	9750786839	<i>Radhakrishnan</i>
4	Ms . S.Sahini Priya	Assistant Professor	ECE	9003032086	<i>M.S. Sahini Priya</i>

9. Details of Industry from which permission obtained: (Attach copy of permission letter)
- a. Industry1: ISRO Propulsion Complex (IPRC)
  - b. Industry2:NIL

10. Total number of days:

- a. Number of nights :03
- b. Number of days :02

### Signature of Class Representatives/ Industrial visit coordinators

### DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

#### Industrial Visit Report with photographs

**Venue:** Indian Institute of Astrophysics (Kodaikanal)

**Date :** 16/08/2019

**Accompanied by:**

1. Mr. Radhakrishnan
2. Mr. S.Durairaj
3. Ms . S.Sahini Priya

**Learning's from the Industrial Visit with Photograph:**

Industrial visit to Indian Institute of Astrophysics, Kodaikanal was organized for III<sup>rd</sup> semester (2018-2022 batch) & V<sup>th</sup> semester (2017-2021 batch) on 16<sup>th</sup> Aug, 2019. A total of 37 students & 3 faculties from the department attended the same. The purpose of this visit is to develop their technical skills and to enhance their practical knowledge towards Solar Physics.

We are highly obliged to thank Dr. K B Ramesh of IIA, a leading scientist in India who is a pioneer in solar astronomy for organizing the visit and also for an informative lecture. The Kodaikanal Observatory of the Indian Institute of Astrophysics (IIA) situated at an altitude of 2343 meters is located in the beautiful Palani range of hills in Southern India. It was established in 1899 as a Solar Physics Observatory and all the activities of the Madras Observatory were shifted to Kodaikanal.

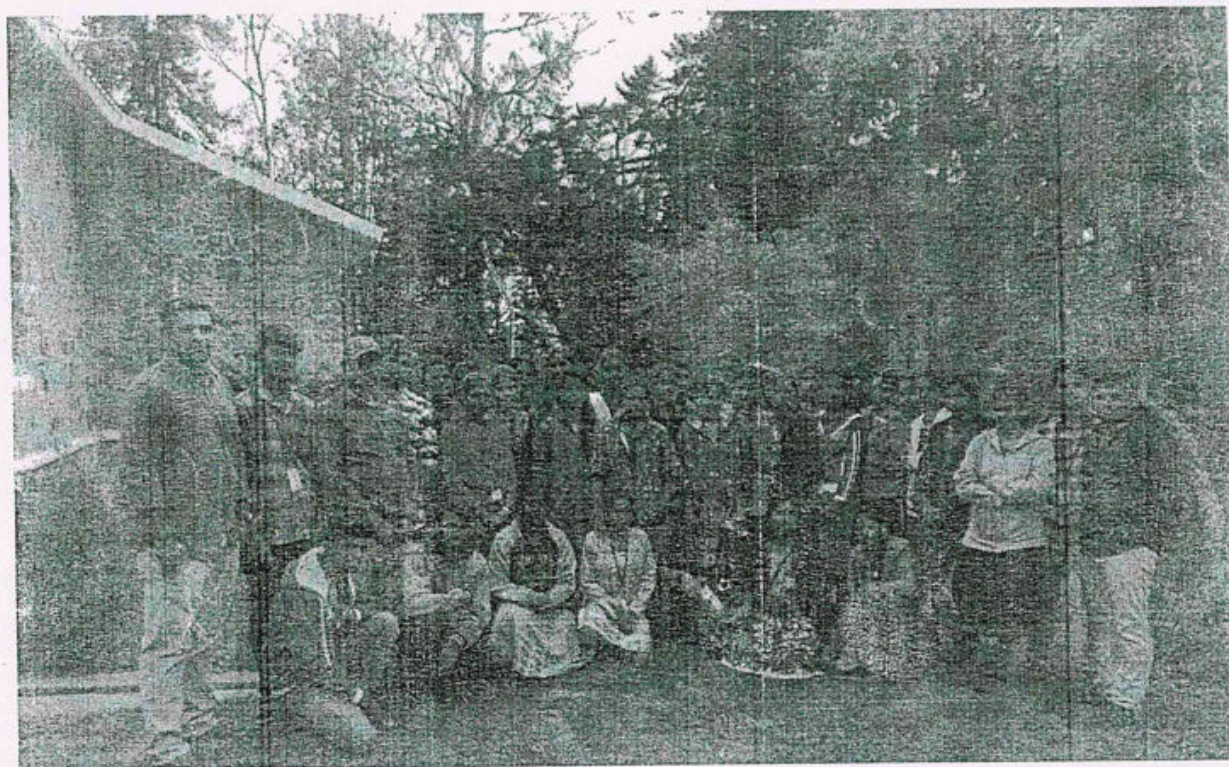

Students were fascinated to see the Solar Tunnel Telescope - A Grubb Parson 60 cm diameter two-mirror fused quartz coelostat mounted on 11 m tower platform directs sunlight via a flat mirror into a 60 m long underground horizontal 'tunnel'. A 38 cm aperture f/90 achromat forms a 34 cm diameter solar image at the focal plane.

The H-Alpha filter is used in this detector to study the Photospheric studies of the Sun. The major attraction of this telescope was the students were allowed to see the Live Solar Images of the Sun and also make out the Doppler shift using the same.

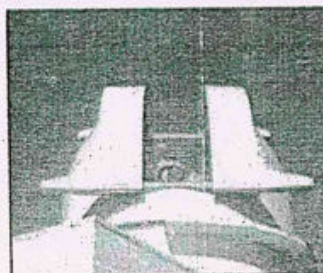

The enthralled students also visited the Full disc image Chromosphere Telescope on a siderostat mount. Light from the 46 cm siderostat is diverted to a 15 cm Zeiss achromat objective which provides an  $f/15$  beam and a 2 cm image. A prefilter and a daystar Ca K narrow band filter are used together with a Photometrix 1k x 1k CCD to record the K filtergram.

Finally, the students visited the WARM (White Light Active Region Monitor) telescope which is the brainchild of Dr. Ramesh himself, is a mini version of the tunnel telescope with the facility to change the filter as well. A 20 cm refractor at the observatory is used occasionally for cometary and occultation observations. The WARM telescope is also occasionally made available to visitors for night sky viewing.

Dr. K B Ramesh was benevolent to accompany the students and help them to understand the advanced knowledge with a detailed lecture on the basics in physics. This visit was mainly targeted to initiate interest in students towards astrophysics.

Kodalkanal Observatory completed 100 years in 1999

Respected Sir,

SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the IV year students of our department in accordance to their academic curriculum in the area of Wireless Communication. Hence, we are interested in requesting an industrial visit to ISRO Propulsion Complex, Mahendragiri, Tirunelveli for further knowledge gaining of the students.

The ISRO Propulsion Complex premier institute devoted to research in Space and related to Wireless Communication field.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of August.

Thanking you,

Dear Sir,

Sub: permission for Industrial Visit- Reg.

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

As a part of the curriculum of 4<sup>th</sup> year Department of Electronics and Communication Engineering Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of a esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord permission to visit your esteemed organization for a team of 43, (4 Faculty & 39 Students) either in the forenoon or afternoon session on 16.08.2019.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Waiting with Anticipation

Thanking you

With Regards

## DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

### Industrial Visit Report

**Venue:** ISRO Propulsion Complex (IPRC), Mahendragiri.

**Date :** 16.08.2019

#### **Learning's from the Industrial Visit with Photograph:**

The IV year ECE students started the IV on 14.08.2019 at 10PM. They visited the ISRO Propulsion Complex, Mahendragiri at morning session of the day on 16.08.2019. The activities carried out at IPRC, Mahendragiri are: assembly, integration and testing of earth storable propellant engines, cryogenic engines and stages for launch vehicles; high altitude testing of upper stage engines and spacecraft thrusters as well as testing of its sub systems; production and supply of cryogenic propellants for Indian cryogenic rocket programme, etc. A Semi-cryogenic Cold Flow Test facility (SCFT) has been established at IPRC, Mahendragiri for the development, qualification and acceptance testing of semicyrogenic engine subsystems.

IPRC is responsible for the supply of Storable Liquid Propellants for ISRO's launch vehicles and satellite programmes. IPRC delivers quality products to meet the zero defect demand of ISRO space programme ensuring high standards of safety and reliability. It also carries out Research & Development (R&D) and Technology Development Programmes (TDP) towards continued improvement of its contribution to the Indian space programme.

Students were thrilled to visit and get acquainted with various facilities and activities like, high altitude facility (HAT) for spacecraft motor (liquid apogee motor), its exhaust flow, 3<sup>rd</sup> stage of GSLV rocket motor nozzle, lander platform for the upcoming Chandrayaan mission and associated technologies. A video demo of actuating CUS motor at HAT facility (GSLV 3rd stage was shown to students at MACC center.

## PERMISSION LETTER

From  
Sr. Josephine Mary  
Industrial Visit Coordinator  
Department of Mechanical Engineering  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To  
The Principal  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

Respected Sir,  
SUB: Permission for Industrial Visit - Reg.

It is required to arrange an Industrial Visit for the IV year students of our department in accordance to their academic curriculum in the area of Jet Propulsion. Hence we are interested in requesting an industrial visit to ISRO, Mahendragiri at Tirunelveli for further knowledge gaining of the students.

The ISRO Propulsion Complex (IPRC) is an Indian Space Research Organization centre involved in testing, assembling, and integrating propulsion systems and stages that are developed at ISRO's Liquid Propulsion Systems Centres. It is one of the ISRO centres that could be called as the "Jet Propulsion Laboratory of India" as all liquid, cryogenic and semi-cryogenic stage and engine related tests of ISRO's launch vehicles and satellites are carried out here.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of July.

Thanking you,

*forwarded to  
principal,

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

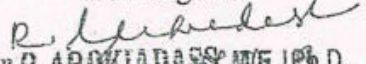

As a part of the Curriculum of 4<sup>th</sup> year Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of an esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord Permission to visit your esteemed organization for a team of five faculty & 42 Students on 23<sup>rd</sup> August 2019.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation. Attached herewith the staff and student name list who are visiting your organization.

Waiting with Anticipation

With Regards

All the students highly enjoyed their entire visits to various places. It was an amazing experience of fun and learning as the memorable reminiscences. The trip was so good and knowledgeable for all staff and students. We look forward to make such visits in future too as technical visits give practical and better understanding of subjects and by this the students can surely update their knowledge. We thank our management and department for giving such a wonderful opportunity.

## DEPARTMENT OF MECHANICAL ENGINEERING

### Industrial Visit Report

**Venue:** ISRO Propulsion Complex, Mahendragiri, Tirunelveli (Dt).

**Date:** 23/08/2019

**Accompanied by:**

1. Mr.K.Shanmuga Elango / Associate Professor
2. Mr.R.Jayakumar / Assistant Professor
3. Mr.M.Manivel / Lab Assistant

### Learning's from the Industrial Visit with Photograph:

An industrial visit to ISRO Propulsion Complex was organized for VII semester on 23<sup>rd</sup> August 2019. Total of 42 students and 3 faculties from the department attended the industrial visit. The purpose of this visit is to develop the technical skills and to enhance the practical knowledge of students towards Space propulsion system.

### SATHISH DHAWAN SPACE MUSUEM

Students were permitted inside the organization with the ID card. Technicians Mr.Vijay Kedhu and Mr.Padmaraj gave some general instructions to be followed inside organization. They took the students to Sathish Dhawan Space Musuem. There Mrs.Magi, (Contract Staff) explained the evolution and development of ISRO. She showed the prototypes of India's different kinds of rockets like SLV[Satellite Launching Vehicle], PSLV [Polar Satellite Launching Vehicle], GSLV[Geo Stationary Launching Vehicle].She demonstrated the functions of rocket that how it is propelled towards space and the stages of rocket after propulsion. By all the explanations the students came to know that cryogenic fuel is fully made within India our Nation without the assistance of any other nation and also the

details of Scientists Dr.Sathish Dhawan, Dr.Vikram Sarabai, Dr.A.P.J.Abdul Kalam who contributed a lot to the development of Indian Space.

#### TEST FACILITY CENTRE

The guides showed the test facility centre which has high thrust chamber and testing area. Here, the cryogenic fuel is fired and tested and sent to Sriharikotta, Rocket Launching Centre in Andrapradesh.

All the students highly enjoyed their entire visits to various places. It was an amazing experience of fun and learning as the memorable reminiscences. The trip was so good and knowledgeable for all staff and students. We look forward to make such visits in future too as technical visits give practical and better understanding of subjects and by this the students can surely update their knowledge. We thank our management and department for giving such a wonderful opportunity.

**PERMISSION LETTER**

From  
Sr. Josephine Mary  
Industrial Visit Coordinator  
Department of Mechanical Engineering  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To  
The Principal  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

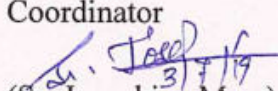

Respected Sir,  
SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the III year students of our department in accordance to their academic curriculum in the area of Automobiles. Hence we are interested in requesting an industrial visit to Sakthi Automobiles, Tirupur for further knowledge gaining of the students.

The Sakthi Group is an Indian Conglomerate Company with operational areas in India, China, and Europe. The group has operations in sugar, dairy, industrial alcohol, automobile distribution and components, transportation, energy, textiles, IT, education and health care. The group has automotive dealerships for leading brands of Maruti Suzuki and Tata vehicles in various places in South India.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of July.

Thanking you,

Coordinator  
  
(Sr. Josephine Mary)

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

As a part of the Curriculum of 3<sup>rd</sup> year Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of an esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord Permission to visit your esteemed organization for a team of four faculty & 44 Students as for your convenience as on any dates between 5<sup>th</sup> July to 28<sup>th</sup> July.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Waiting with Anticipation

With Regards

## DEPARTMENT OF MECHANICAL ENGINEERING

### Industrial Visit Report

**Venue:** Sakthi Auto Component Limited, Tiruppur.

**Date:** 31/08/2019

**Accompanied by:**

1. Mr.R.Sasikumar / Assistant Professor
2. Mrs.Annie John / Associate Professor

#### Learning's from the Industrial Visit with Photograph:

An industrial visit to Sakthi Auto Component Limited, Tiruppur was organized for V semester on 31<sup>st</sup> August 2019. Total of 40 students and 2 faculties from the department attended the industrial visit. The purpose of this visit is to develop the technical skills and to enhance the practical knowledge of students towards manufacturing of Automobile components.

Ms. Gomathi, Trainer for Apprentices gave general instructions of walking inside the yellow line in order to ensure the safety precautions. Students were permitted inside the industry with the proper safety accessories like helmets and shoes. Mr. Agil, Assistant Engineer took the students to casting sector and explained that how the metals are processed and cooled with the various cooling mediums and the recycling process of wastes as re-usages. Then moved to the grinding sector. The main parts manufactured are brake drum, brake disc, knuckle those are exported to Toyoto, Maruti, Ford, and Ashok Leyland. Then he showed the big furnace and painting processes. Finally he took the students to the quality department where single piece is checked for best and quality.

All the students highly enjoyed their entire visits to various places. It was an amazing experience of fun and learning as the memorable reminiscences. The trip was so good and knowledgeable for all staff and students. We look forward to make such visits in future too as technical visits give practical and better understanding of subjects and by this the students can surely update their knowledge. We thank our management and department for giving such a wonderful opportunity.

St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To  
The Principal  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

Respected Sir,  
SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the II year students of our department in accordance to their academic curriculum in the area of Automobiles. Hence we are interested in requesting an industrial visit to Sakthi Auto component Limited, Tiruppur for further knowledge gaining of the students.

The Sakthi Group is an Indian Conglomerate Company with operational areas in India, China, and Europe. The group has operations in sugar, dairy, industrial alcohol, automobile distribution and components, transportation, energy, textiles, IT, education and health care. The group has automotive dealerships for leading brands of Maruti Suzuki and Tata vehicles in various places in South India.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of August.

Thanking you,

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

As a part of the Curriculum of 2<sup>nd</sup> year Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of an esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord permission to visit your esteemed organization for a team of two faculty & 18 Students as for your convenience as on any dates between 20<sup>th</sup> August to 31<sup>st</sup> August.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation. Waiting with Anticipation

With Regards

### Industrial Visit Report

**Venue:** Sakthi Auto Component Limited, Tiruppur.

**Date:** 31/08/2019

**Accompanied by:**

1. Mr.T.Elangovan / Assistant Professor
2. Sr.JayaPraislin /

#### **Learning's from the Industrial Visit with Photograph:**

An industrial visit to Sakthi Auto Component Limited, Tiruppur was organized for III semester on 31<sup>st</sup> August 2019. Total of 13 students and 2 faculties from the department attended the industrial visit. The purpose of this visit is to develop the technical skills and to enhance the practical knowledge of students towards manufacturing of Automobile components.

Ms. Gomathi, Trainer for Apprentices gave general instructions of walking inside the yellow line in order to ensure the safety precautions. Students were permitted inside the industry with the proper safety accessories like helmets and shoes. Mr. Agil, Assistant Engineer took the students to casting sector and explained that how the metals are processed and cooled with the various cooling mediums and the recycling process of wastes as re-usages. Then moved to the grinding sector. The main parts manufactured are brake drum, brake disc, knuckle those are exported to Toyoto, Maruti, Ford, Ashok Leyland. Then he showed the big furnace and painting processes. Finally he took the students to the quality department where single piece is checked for best and quality.

### PERMISSION LETTER

From  
N.Kumar, AP/CSE  
Industrial Visit Coordinator  
Department of Computer Science and Engineering  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To  
The Principal  
St. Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

Respected Sir,  
SUB: Permission for Industrial Visit - Reg.

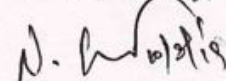

It is required to arrange an Industrial Visit for the III year students of our department in accordance to their academic curriculum in the area of Astrophysics. Hence, we are interested in requesting an industrial visit to Indian Institute of Astrophysics, Kodaikanal for further knowledge gaining of the students.

The Indian Institute of Astrophysics is a premier institute devoted to research in astronomy, astrophysics and related physics. It traces its origins back to an observatory set up in 1786 at Madras which from the year 1792 began to formally function at its Nungambakkam premises as the Madras Observatory. In 1899, the observatory moved to Kodaikanal. In the year 1971, the Kodaikanal Observatory became an autonomous society, the Indian Institute of Astrophysics.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of August.

Thanking you!

Yours faithfully,

  
13.8.17

To

The HR Manager,  
Kodaikanal Solar Observatory,  
Indian Institute of Astrophysics,  
Kodaikanal-624 103.

Dear Sir/Madam,

Sub: Permission for Industrial Visit – Reg.

As you may be aware, St. Anne's College of Engineering and Technology is one of the most reputed Engineering Institutions in Tamil Nadu and known for its excellent record in academics and co-curricular activities. The College offers Bachelor degree course in ECE, CSE, EEE, and Mech. The state-of-the-art facilities and competent faculty provide an excellent climate for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial Visits to a few industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

In the above background, we would like to send a batch of about 23 students of Computer Science and Engineering branch of II year accompanied by 03 staff members to visit your esteemed industry preferably on/during 06-09-2019.

I request you, too kindly accord the necessary permission for the above visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit. We shall be grateful for a favorable response.

Thanking You

Yours faithfully

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

### Industrial Visit Report

Venue: Indian Institute of Astrophysics, kodaikanal.

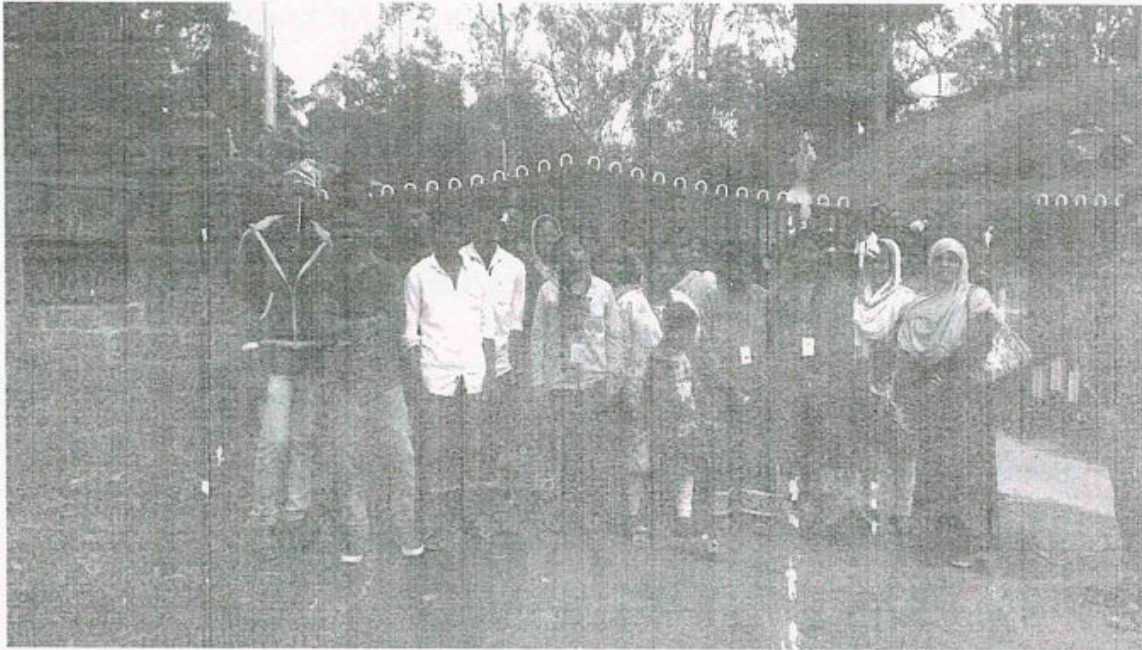

Date : 06-09-2019

#### Learning's from the Industrial Visit with Photograph:

The II year CSE students started the IV on 05.09.2019 at 10PM. They visited the Indian Institute of Astrophysics at morning session of the day. Then the session was started 10.am and the classes went for one hour theoretically, after that went to practical session about institute devoted to research in astronomy, astrophysics and related physics. The students have gained knowledge about the astronomy, astrophysics and related physics. A real time demo is shown to us about the astronomy, astrophysics and related physics. Students raised many questions regarding the seminar in technical. It was very useful to students. Then they visited kodaikanal , palani temple and isha yoga. They reached college by 8.9.2019 at 5am.

## Permission for Industrial Visit as a part of curriculum

selvendran <selvendran@iiap.res.in>  
To: kumar ji <kumaarji@gmail.com>

Sat, Aug 10, 2019 at 1:12 PM

Dear Sir

Greetings to you from Kodaikanal Solar Observatory.

We are glad to inform you that your trip with students & teachers on 30 & 31/August/2019 to visit Kodaikanal Solar Observatory is approved. Admission is free and there is no entrance fee. Camera & Cellphones are not allowed for students. However, staff members can take group pictures outside the museum for reporting purpose.

Regards

SUBJECT : Industrial Visit Report.

PLACE : Kodaikanal

DATE : 6.9.19

COMPANY : Indian Institute of Astrophysics.

RELEVANT : Research in astronomy, astrophysics and related physics.

We are all went to Kodaikanal for industrial visit. Indian Institute of Astrophysics. we learned how to Astrophysics premier institute devoted to research in astronomy, astrophysics and related physics. to us. So it is very much useful for all the students

It is very useful for CSE oriented basic knowledge

Thanking you.

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

### Students' Feedback Questionnaire

1. Whether the Industrial Visit was executed as per the plan? Yes/No
2. Was the industrial visit relevant to the curriculum? Yes/No
3. Whether the safety needs has been a satisfied factor in the industry? Yes/No
4. Whether the basic needs of the students have met during the IV? Yes/No
5. Was the information given in the industry is co related with the Theoretical Knowledge gained by the student? Yes/No
6. Whether the student has gained basic knowledge to get placed in the industry? Yes/No
7. Is there any suggestion to the department for acquiring the skills to get placed in that particular industry? Yes/No

If Yes, specify

..... Yes, it was very usefull for my carrier.....  
 ..... and i gained extra knowledge from.....  
 ..... the visit.....  
 .....  
 .....

8. Will you prefer the industry to be visited in forthcoming semester for the lower semester students?

Yes/No

If No, specify

.....  
 .....  
 .....  
 .....  
 .....

### Industrial Visit Report

**Venue:** Indian Institute of Astrophysics, kodaikanal.

**Date :** 06-09-2019

#### Learning's from the Industrial Visit with Photograph:

The III year CSE students started the IV on 05.09.2019 at 10PM. They visited the Indian Institute of Astrophysics at morning session of the day. Then the session was started 10.am and the classes went for one hour theoretically, after that went to practical session about institute devoted to research in astronomy, astrophysics and related physics. The student s have gained knowledge about the astronomy, astrophysics and related physics .A real time demo is shown to us about the astronomy, astrophysics and relatcd physics. Students raised many questions regarding the seminar in technical. It was very useful to students. Then they visited kodaikanal , palani temple and isha yoga. They reached college by 8.9.2019 at 5am.

To

The Principal,  
St. Anne's College of Engineering and Technology,  
Anguchettipalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit - Reg.

It is required to arrange an Industrial Visit for the I year students of our department in accordance to their academic curriculum in the area of Chemical processing such as Mixing, Molding, Baking, Cooling and Packing processes in Biscuit manufacturing Plant. Hence, we are interested in requesting an industrial visit to Plant of Britannia Industries Pvt Ltd, Oragadam, Chennai, for further knowledge gaining of the students.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in the month of February.

Thanking you,

*Yes*

BAKERY PRODUCTS LTD (FACTORY) IN SRIPERUMBUDUR**

**On**

**15-February-2020**

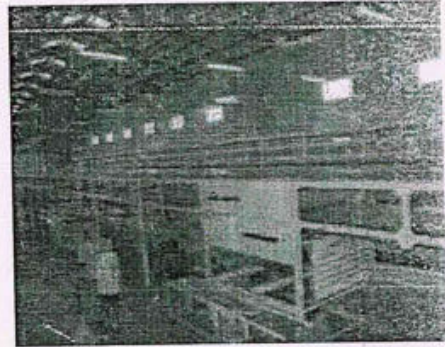

**Prepared By**

**Mr. V. PRAKASH**  
**Associate Professor in Mathematics**  
**Industrial Visit coordinator**  
**Department of Science and Humanities**

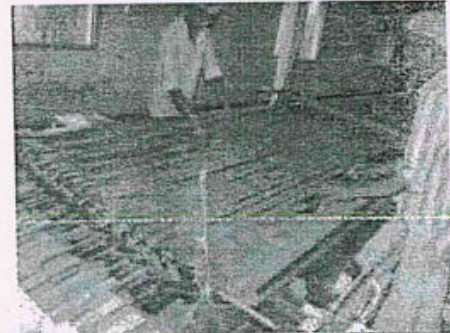

3. After that it passes through a conveyer, the conveyer passes for baking process through a serie of oven. The temperature maintained is in between  $180^{\circ}\text{c}$  to  $330^{\circ}\text{c}$ . The ASIA's largest oven is used in this plant.

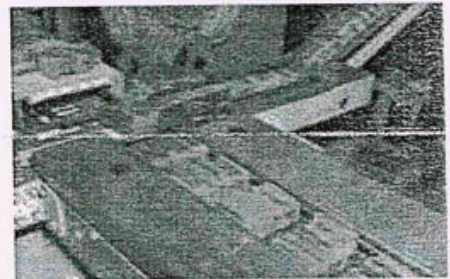

4. The quality of the biscuit is neatly checked during the process by the supportstaffs continuously.

5. After baking it again passes through another 6 levels of conveyer belts for cooling. After cooling of the fresh baked biscuits it is collected in a sorting machine and goes for wrap and packaging. They use eco friendly packaging material to avoid PVC in it.

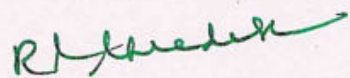

6. Then the packets are collected through a channel and sent to Go down for distribution.

The quality is not compromised any process so the product has to pass through several QC processes. We left the premises at 1 p.m. It was an informative, interesting and a successful visit. As students of First year Engineering, they learned a few Engineering applications and about machines. We express our thanks to the Principal who permitted us to go on the visit, the faculty members who accompanied us and the officials who explained the various departments. Behalf the students I request you to arrange more industrial visit for students which can practically train the students.

Thanking You

Respected Sir,

SUB: Permission for Industrial Visit - Reg.

It is required to arrange an Industrial Visit for the II year students of our department in accordance to their academic curriculum in the area of fundamental research. Hence, we are interested in requesting an industrial visit to RADIO ASTRONOMY CENTRE(RAC) for further knowledge gaining of the students.

The **Radio Astronomy Centre (RAC)** is part of the National Centre for Radio Astrophysics (NCRA) of the well-known Tata Institute of Fundamental Research (TIFR) which is funded by the Government of India through the Department of Atomic Energy. The RAC is situated near Udthagamandalam (Ooty) in the the beautiful surroundings of the Nilgiri Hills and it provides stimulating environment for the front-line research in radio astronomy and astrophysics with its excellent and highly qualified staff and international reputations.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of March.

R. S. Srinivasan

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

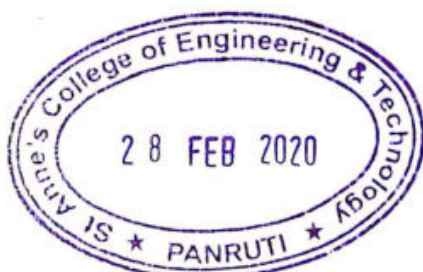

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

As a part of the Curriculum of 2<sup>nd</sup> year Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of a esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord Permission to visit your esteemed organization for a team of 26 three faculty & 23 Students either in the forenoon or afternoon session, as for your convenience as on 05<sup>th</sup> March 2020.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Waiting with Anticipation

**Ref : Your Letter Ref-No. / Mail dt. 02-03-2020**

Dear Sir/Madam,

With reference to your above letter, we are pleased to accord our permission for visiting this Centre, as detailed below.

No. of Persons Visiting : 23 Students + 3 Staff members.

Date & Time of Visit : 5<sup>th</sup> March 2020, Time: 10:00 hrs to 16:00 hrs

Please see the information below :

(1) The Radio Astronomy Centre (RAC) is purely a research organization engaged in research & training Ph.D students in the field of Radio Astrophysics. It operates the Ooty Radio Telescope (ORT), which is an equatorial mounted cylindrical parabolic of size 530 m long and 30 m wide. The visiting students will be shown a video show on the radio telescope and basics of radio astronomy. They can also visit the telescope site and watch the rotation of the telescope (if possible). If you are bringing students for any industrial visit, you may please note that RAC is not a factory. No transport or accommodation will be provided by this centre for the above visit. This visit is offered absolutely **FREE of Cost**.

(2) Saturdays and Sundays are holidays for the centre & hence if you plan to visit this centre on Saturdays, Sundays and Govt. holidays, you will be able to watch only the video show.

(3) To reach the Centre, you have to follow Melcowhatty village route (via) Ooty Bus Stand - Boat House - J.S.S. Public School - Theetukkal. Bring your vehicle up to our premises in order to avoid ~1 km walk. Please carry the permission letter, each visitor should have a valid Identity card issued by the College/Organization authorities. You are required to maintain strict silence and discipline in the campus.

**Industrial Visit Report**

**Venue: Radio Astronomy Centre (RAC), Ooty**

**Date: 05.03.2020**

**Learning's from the Industrial Visit with Photograph:**

The III year CSE students started the Industrial Visit on 04.03.2020 at 10 PM. Then they went to industrial visit to **Radio Astronomy Centre (RAC)** in Ooty on 05.03.2020. A lecture was given on various topics on radio frequencies. They discussed about the career and placement guidance. The students learnt a lot which really help them to grow in their career. The students have gained knowledge about development of transmissions. It was very useful to students. Students raised many queries regarding the seminar and learnt technical knowledge. It was very useful to the students. After completing the session of company visit students taken photos along with the radio towers. Then visited the **DODDABETTA TEA FACTORY** in Ooty. An entire tea history and processing is explained. The students evinced keen interest in knowing all aspects about tea manufacture. Then students visited some places in Ooty. They reached the college by 06.03.2020 at 5 am.

Subject: Industrial Visit Report

Place: ooty

Date: 05-03-2020

Company: Radio Astronomy Centre

Relevant: Based on Radio wave frequency

We all went to ooty for industrial visit (Radio Astronomy Centre). We learned out to transmit the frequency from one place to another place. And also they gave a Practical demonstration Practice to us. So it is very useful for all students

Thanking you.

Yours faithfully,  
W. Subashini

SUBJECT: Industrial Visit Report

PLACE: Ooty

DATE: 05-03-2020

COMPANY: RADIO ASTRONOMY CENTRE

RELEVANT: Based on WAVE Frequency.

We all went to ooty for industrial visit (Radio Astronomy Center). We learned how to ~~use~~ transmit the frequency from one place to another place. He gave a practical demonstration practice to us. So it is very much useful for all the students.

It is very useful for us.

Thanking you,

Yours faithfully,  
N. Karthikeyan.

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

### Industrial Visit Report

**Venue:** Radio Astronomy Centre (RAC), Ooty

**Date:** 05.03.2020

#### Learning's from the Industrial Visit with Photograph:

The II year CSE students started the Industrial Visit on 04.03.2020 at 10 PM. Then they went to industrial visit to **Radio Astronomy Centre (RAC)** in Ooty on 05.03.2020. A lecture was given on various topics on radio frequencies. They discussed about the career and placement guidance. The students learnt a lot which really help them to grow in their career. The students have gained knowledge about development of transmissions. It was very useful to students. Students raised many queries regarding the seminar and learnt technical knowledge. It was very useful to the students. After completing the session of company visit students taken photos along with the radio towers. Then visited the **DODDABETTA TEA FACTORY** in Ooty. An entire tea history and processing is explained. The students evinced keen interest in knowing all aspects about tea manufacture. Then students visited some places in Ooty. They reached the college by 06.03.2020 at 5 am.

Department of Computer Science and Engineering  
St.Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To

The Principal  
St.Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the II & III year students of our department in accordance to their academic curriculum in the area of Radio Astrophysics. Hence, we are interested in requesting an industrial visit to **Radio Astronomy Centre (RAC)**, Ooty for further knowledge gaining of the students.

The **Radio Astronomy Centre (RAC)** is part of the National Centre for Radio Astrophysics (NCRA) of the well-known Tata Institute of Fundamental Research (TIFR) which is funded by the Government of India through the Department of Atomic Energy.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of April 2022.

Thanking you,

R. Manavalan

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

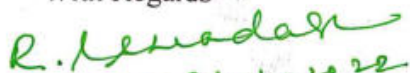

As a part of the Curriculum of 2<sup>nd</sup> & 3<sup>rd</sup> year CSE Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of a esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord Permission to visit your esteemed organization for a team of 8 faculty & 65 Students in the forenoon session, as for your convenience as on any dates between 1<sup>st</sup> April 2022.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Waiting with Anticipation

With Regards

With reference to your visit request, we are pleased to accord our permission for visiting this Centre, as detailed below.

No. of Persons Visiting : 65 Students + 8 Staff members.  
Date & Time of Visit : 01/04/2022 & 10:30 Hrs

\*\*\*\*\*

#### About the institution\*:

The Radio Astronomy Centre (RAC) is purely a research organization engaged in research & training Ph.D students in the field of Radio Astrophysics. It operates the Ooty Radio Telescope (ORT), which is an equatorial mounted cylindrical parabolic of size 530m long and 30m wide. The Ooty Radio telescope has been designed and fabricated with domestic Indian technological resources. The ORT was completed in 1970 and continues to be one of the most sensitive radio telescopes in the world.

#### Note for the visitors:

The visiting students will be shown a video show on the Ooty Radio Telescope (ORT) and basics of radio astronomy. They can also visit the telescope site and watch the rotation of the telescope (if possible). **Saturdays and Sundays are holidays** for the centre & hence if you plan to visit this centre on Saturdays, Sundays and Govt. holidays, you will be able to watch only the video show.

Staff members are requested to confirm the following, **bring a letter of permission to enter the campus**, all students wear valid Identity card issued by the College/Organization authorities and **maintaining the discipline in the campus**.

If you are bringing students for any industrial visit, you may please note that RAC is not a factory. No transport or accommodation will be provided by this centre for the above visit. This visit is offered absolutely **FREE of Cost**.

#### Advisory for visitors regarding COVID-19:

Visitors are advised to take all necessary COVID-19 related precautions to prevent themselves from getting infected or to avoid spreading COVID-19. Visitors must wear a suitable/standard mask to cover his/her nose and mouth properly before entering the institute and keep it on until he/she exits the institute. Avoid any crowding during the visiting time and to **maintain physical distancing**.

Visitors, who have been tested Covid-19 positive recently and are in compulsory/mandatory quarantine as per the Government's instructions/guidelines, shall not be allowed to enter the institute. Further, if any visitor is having mild fever, cold-cough etc., he/she is advised not to visit the centre to avoid spread of Covid-19 infection.

#### How to reach?

You can reach our centre from Ooty Bus Stand through Ooty Boat House - J.S.S. Public School - Theetukkal - Melcowhatty village route. Bring your vehicle up to our premises in order to avoid ~1 km walk.

RADIO ASTRONOMY CENTRE  
Tata Institute of Fundamental Research  
P. O. Box 8, Ootacamund 643 001.

With regards,

P. Praveen SA (C)

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING TRAVEL PLAN FOR INDUSTRIAL VISIT / TOUR

1. Branch and Semester : CSE / IV & VI
2. Nature of visit : Industrial visit
3. Places or Industries planned to visit : Radio Astronomy Centre, Uthagamandalam (Ooty).
4. Proposed dates of tour or visit : 01/04/2022
5. Mode of journey : Bus
6. Total number of students in class : 65
7. Total number of attending students : 45

(Attach students list as per Annexure IV)

- a. Number of Boys : 26
- b. Number of Girls : 19

8. Details of accompanying Faculty members :

S. NO.	NAME	DESIGNATION	DEPARTMENT	PHONE NUMBER	SIGNATURE
1.	Mr. S. Manavalan	Assistant Professor	CSE	9787687094	
2.	Mrs. Z. Asmathunnisa	Assistant Professor	CSE	9443045195	
3.	Mrs. E. Indhuma	Assistant Professor	CSE	7339449788	
4.	Ms. V. Britta Devi	Assistant Professor	CSE	8940544149	
5.	Mr. P. Saravavana Bhava	Assistant Professor	CSE	9842932110	
6.	Ms. P. Nivetha	Assistant Professor	CSE	8838801690	
7.	Mr. M. Pazhani	Office Assistant	CSE	6380849371	

9. Dates of journey : From 31/03/2022 (8.00 pm) To 03/04/2022 (6.00 am)

10. Total number of days : 04

11. Travel plan :

PARTICULARS	DAY 1	DAY 2	DAY 3	DAY 4
Date	31/03/22	01/04/22	02/04/22	03/04/22
Boarding place & Time	College & 08.00 pm	--	Ooty & 7.00 am / Coimbatore & 9.30 pm	--
Places/Industry visited	--	Radio Astronomy Centre, Ooty.	Coimbatore Tourist Places	--

Destination Place & Time	--	Ooty & 9.30 am	Coimbatore & 9.30 am	College & 6.00 am
Place of accommodation/Refreshment	--	Ooty/ Mettupalayam	Ooty	--

# Industrial Visit Report

07/04/22

From:

A. Jasmine Medona,  
CSE dept, 4th sem, II<sup>nd</sup> Year,  
St. Anne's CET, Panruti.

To:

Head of the Department,  
CSE dept,  
St. Anne's CET, Panruti.

Sub: Report on One-day Industrial Visit

Respected Mam,

On receiving the letter of permission from RAC, CoTy, Our students with our faculty visited the research centre. The incharge of centre received us at the entrance and gave a brief introduction about research centre and astronomical setup by them. The Radio Astronomy with wide cylindrical parabolic telescopes gave us an inclination towards science, particularly in astronomy. We learned few applications and structure of the telescopes placed there. Atlast, we extend our gratitude towards our faculty and Research source person who accompanied us and explains the various structure of researches held at the center by video presentation.

Thanking you,

Yours respectfully,  
A. Jai Med.

### Industrial Visit Report

**Venue :** Radio Astronomy Centre(RAC), Ooty

**Date :** 01-04-2022

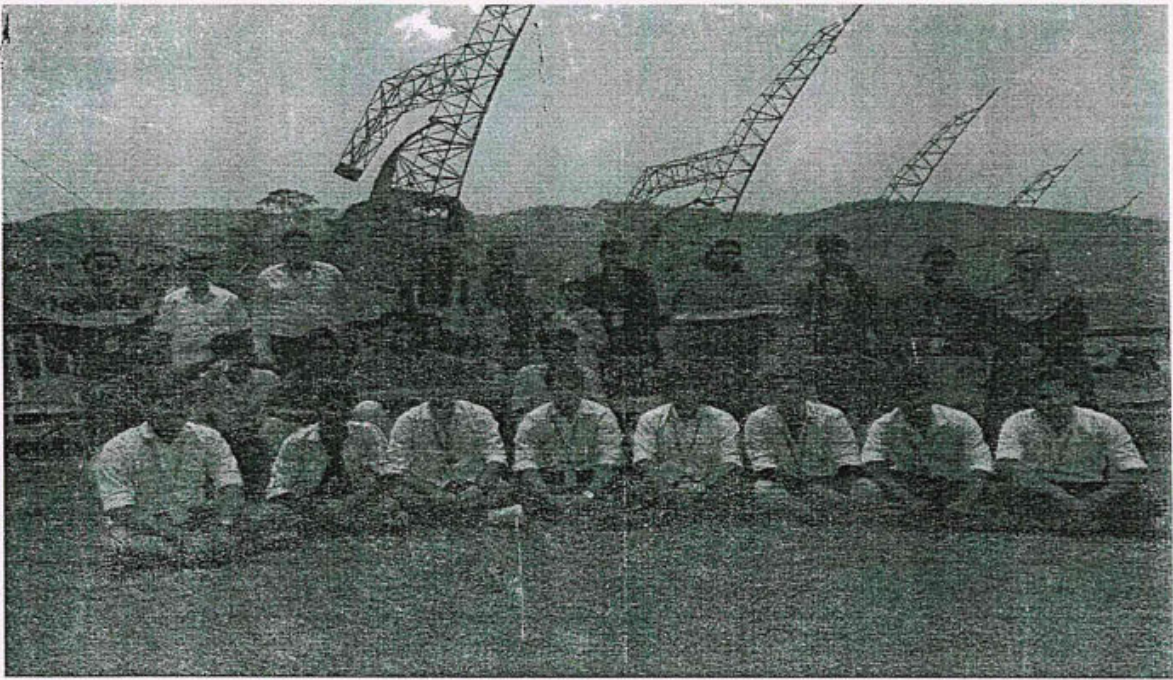

#### Learning's from the Industrial Visit with Photograph:

The II & III year CSE students started the Industrial visit on 31.03.2022 at 9.30PM. Then they went to Radio Astronomy Centre(RAC) in Ooty on 01-04-2022. A lecture was given on topics of Radio Frequencies. They discussed about the career and placement guidance. The students learnt a lot which really help them to grow in their career. The students have gained knowledge about radio transmission. It was very useful to the students. After completing the session of company visit students taken photos along with the radio Towers. Then they visited the Doddabetta & Tea Factory in Ooty. An entire tea history and processing is explained. The students evinced keen interest in knowing all aspects about tea manufacture. The students visited some places in Ooty on 02-04-2022 also. They reached the college by 03.04.2022 at 5 am.

**PERMISSION LETTER**

From

25.08.22

Mr. J. Ramesh,  
Industrial Visit Co-ordinator,  
Department of Electrical and Electronics Engineering,  
St. Anne's College of Engineering and Technology,  
Anguchettipalayam, Panruti.

To

The Principal,  
St. Anne's College of Engineering and Technology,  
Anguchettipalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit - Reg.

It is required to arrange an Industrial Visit for III- and VI-year students of our department in accordance to their academic curriculum in the area of power production. Hence, we are interested in requesting an industrial visit to the Kudankulam Nuclear Power Plant (KNPP) for further knowledge gaining of the students.

Kudankulam Nuclear Power Plant is the largest nuclear power station in India, situated in Kudankulam in the Tirunelveli district of the southern Indian state of Tamil Nadu. The power plant will have a combined capacity of 6000MW upon commissioning of its six units.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of October.

Thanking you,

*R. Ramesh*  
*25/8/22*

Coordinator  
*J. Ramesh*

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

As a part of the Curriculum of 3<sup>rd</sup> and 4<sup>th</sup> year Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of an esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord Permission to visit your esteemed organization for a team of six faculty & 47 Students either in the forenoon or afternoon session, as for your convenience as on any dates between second week of October.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Waiting with Anticipation.

With Regards

**Cuddalore Dist.**

Dear Sir/ Madam,

**Sub: Visit to KKNPP under public awareness programme – reg.**

This is to inform you that your visit to KKNPP has been approved by the competent authority of KKNPP and the visit is scheduled on **07.11.2022**.

You are requested to send the visitors list in the format given below in a excel sheet (a model sheet is enclosed herewith), by return e-mail with the visitors list attachment as early as possible for making necessary entry permissions at KKNPP.

Sl.No	Name of the visitor	Age	Gender	ID proof	ID Proof No.

**Note:**

1. In the ID proof column kindly mention the type of ID card to be brought (Aadhar card/Institution ID card/voter ID/driving license/any other valid IDs).
2. Details of all the visitors are to be entered in the list.

In addition to the above, please provide the details of vehicle/s as below:

S.No	Vehicle Number	Name of the Driver and Cleaner	Age	ID Proof	ID Proof No.

**Note:**

1. RC book, FC, Insurance, Tax & other relevant documents of the vehicle/s should be valid as on the date of visit and copies of the same are to be produced for verification at KKNPP main gate security.

**Important General Instructions:**

1. Please provide the contact details including phone numbers, email-id, etc. of the visit co-ordinator/in-charge (of your side).
2. Please report at about 10:00 at KKNPP Main Gate on the scheduled date.
3. All the visitors must carry their original identity card (as mentioned in the list) during the visit. Visitors without valid original ID Proofs will not be permitted inside Plant premises.
4. The co-ordinator (of your side) or the visit group's in-charge has to submit a copy of his/her Identity Card at the KKNPP Security Gate.
5. Students shall be in School/College uniform with safety shoes.
6. There are no entrance fee/parking charges or any other charges for visiting KKNPP.
7. Mobile phones/camera/laptop/USB / or any other electronic devices are not permitted.
8. Fire objects/instruments/weapons or any other similar kind of objects are not permitted.
9. No bag/luggage is allowed inside plant premises.
10. Children below age of 14 are not permitted inside the plant premises.
11. Snacks and lunch will be provided by KKNPP at free of cost.

**Important COVID-19 Instructions:**

1. A signed (by a competent authority) Letter of Undertaking (for PA visitors having no Covid-19 symptoms) is to be submitted before the scheduled date of visit (letter format is enclosed herewith).
2. A willingness letter (signed by all the visitors) for visiting KKNPP should be submitted on or before the scheduled date of visit.
3. All visitors should compulsorily wear face mask during the visit.
4. Visitors are requested to maintain social distancing during the visit.
5. Visitors are requested to maintain hand hygiene by frequently washing of hands with soap water or by using sanitisers.
6. Visitors will be permitted only after the thermal scanning, etc. If any one of the group is found to be having fever or any other COVID-19 symptoms the visit will be cancelled immediately.

You may please contact the following telephone nos. for further details.

Thanking you,

R. Velmail Murugan  
Senior Asst.Gr.1, HR  
9489046177.

G. Sivakabil,  
Senior Manager, HR, Member, Public Awareness Committee  
94288 21931.

You are requested to contact Mr. A.V.Sathish (948864367) or Mr. R. Velmail Murugan Half an hour before reaching KKNPP main gate on the date of visit for the pass arrangement.

KKNPP WELCOMES YOU ONE AND ALL

## DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

### Industrial Visit Report

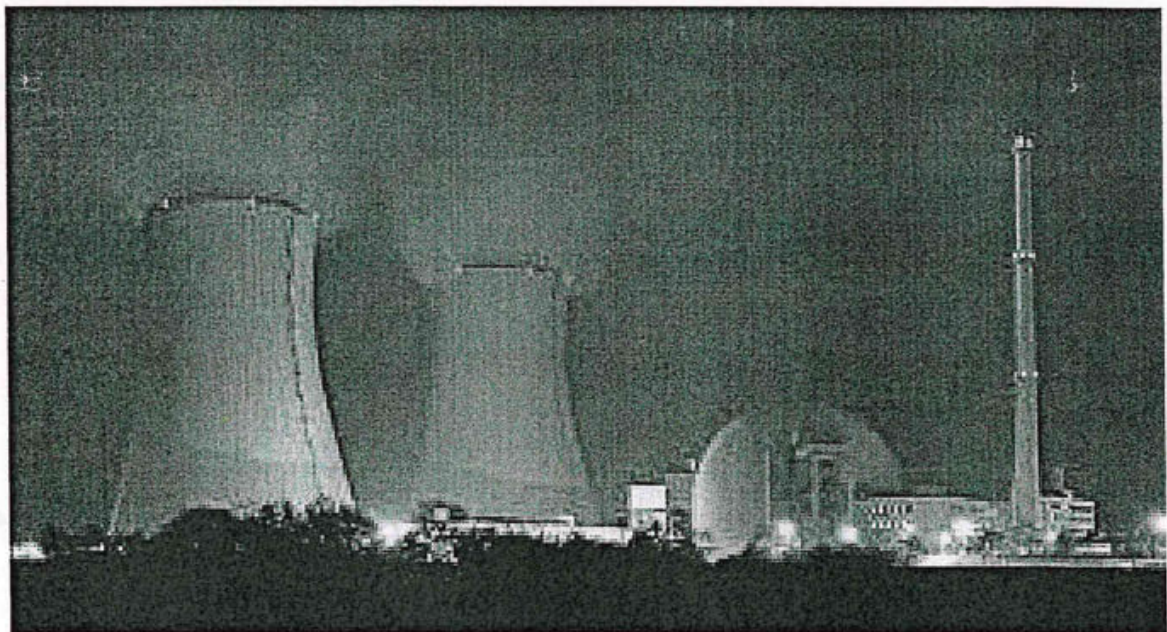

**Venue:** Nuclear Power Plant, Kudankulam, TN

**Date:** 07.11.22

**Accompanied by:**

1. Mr. Ramesh
2. Mr V.Balaji

**Learning's from the Industrial Visit with Photograph:**

Kudankulam Nuclear Power Plant is the largest nuclear power station in India, situated in Kudankulam in the Tirunelveli district of the southern Indian state of Tamil Nadu. Construction on the plant began on 31 March 2002, but faced several delays due to opposition from local fishermen.

The first reactor of the plant attained criticality on 13 July 2013 and was connected to the grid three months later. It started commercial operation from 31 December 2014. The second unit achieved criticality on 10 July 2016 and was

connected to the grid in August. Commercial operation started on 15 October 2016. The Kerala State Electricity Board (KSEB) board members have approved signing of a power purchase agreement (PPA) with the Nuclear Power Corporation of India (NPCIL) for sourcing electricity from the Kudankulam nuclear power project (KKNPP). Unit 1 was shut down in June 2015 for refuelling and annual maintenance. On 21 January 2016 the reactor restarted and was connected to grid on 30 January 2016. Kudankulam Nuclear Power Project Site Director D.S. Choudhary stated on 26 January 2018 that units 1 and 2 of the nuclear plant had generated a combined total of 22,800 million units since they began functioning.

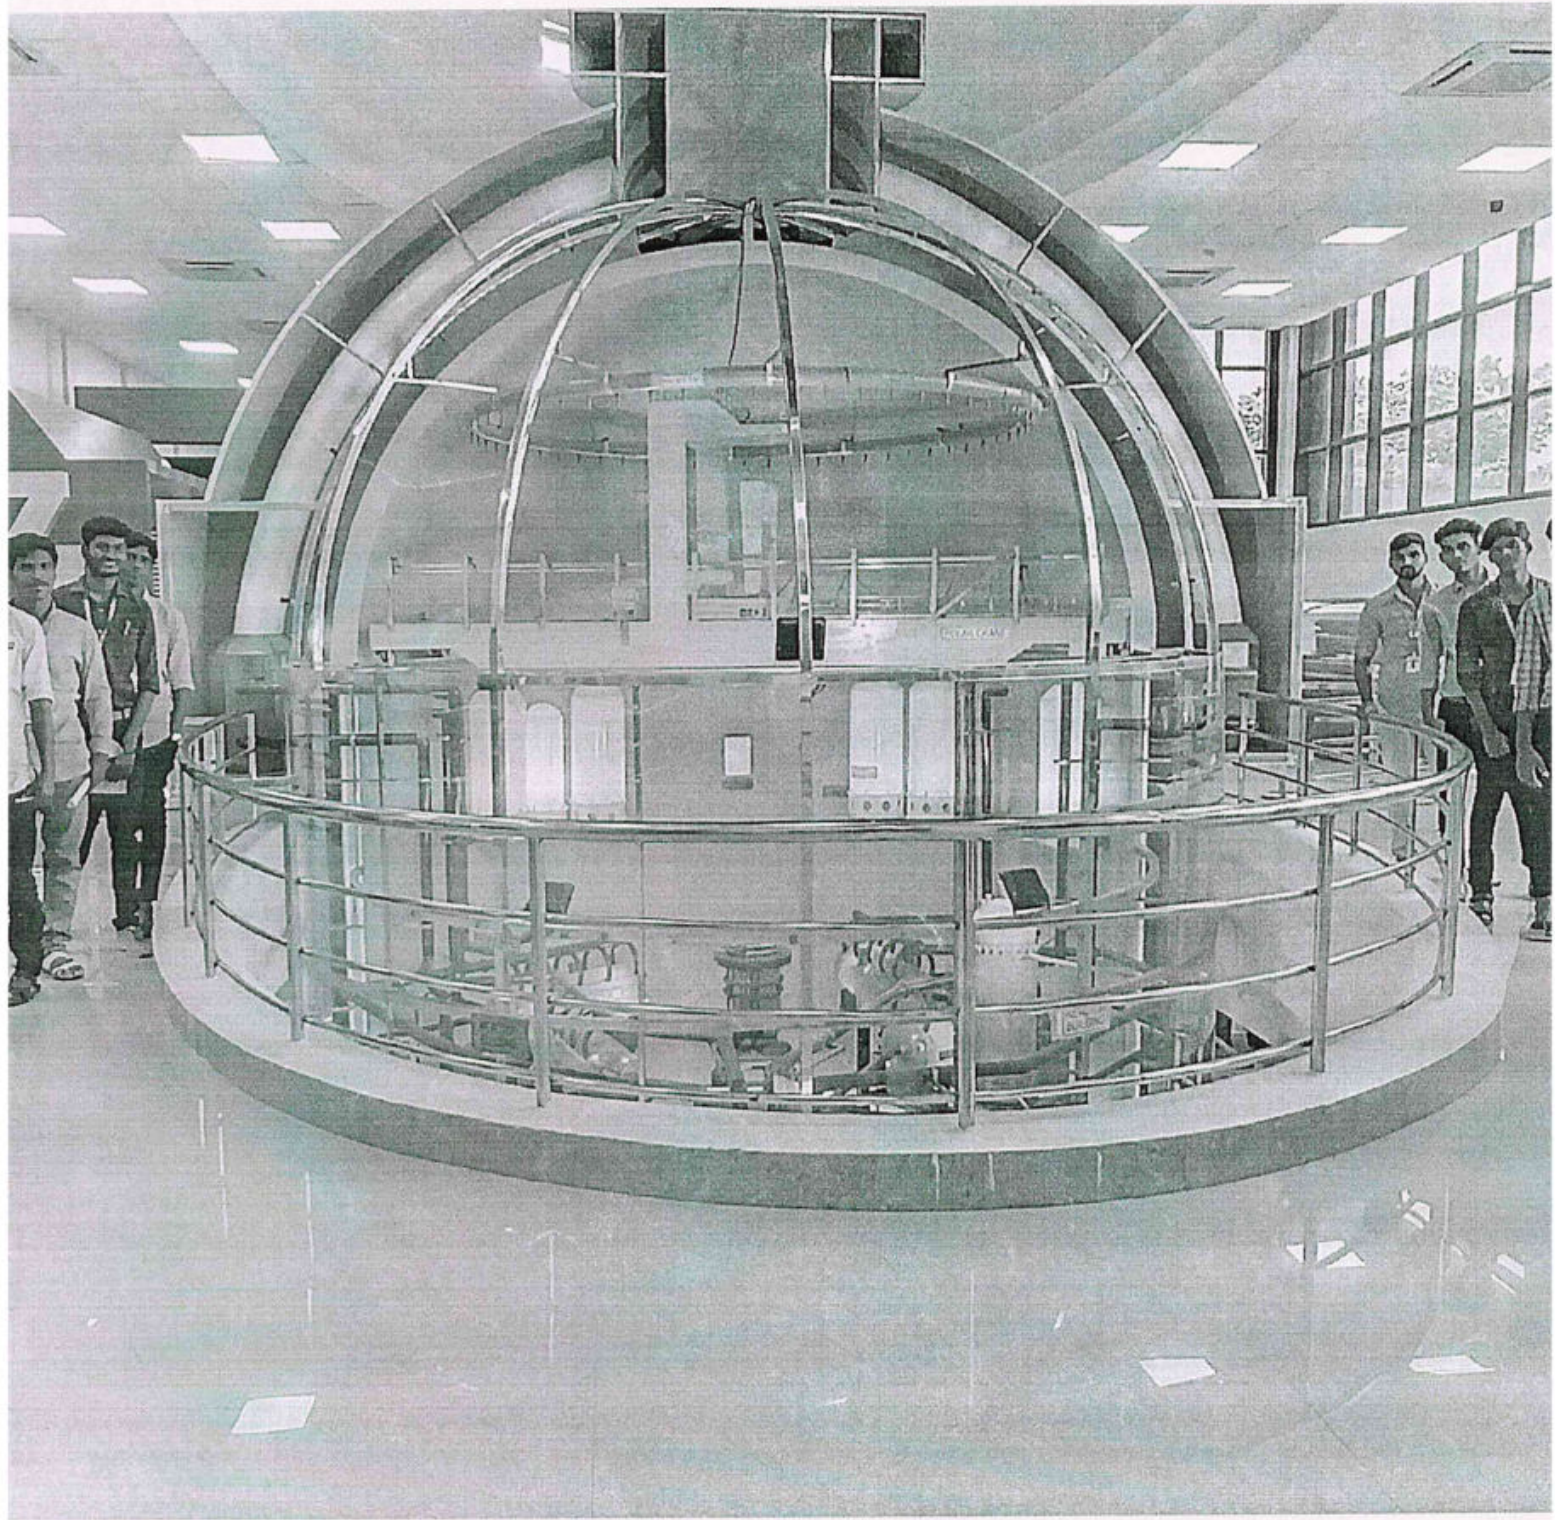

A small port became operational in Kudankulam on 14 January 2004. This port was established to receive barges carrying over-sized light water reactor equipment from ships anchored at a distance of 1.5 kilometres (0.93 mi). Until 2004, materials had to be brought in via road from the port of Thoothukudi, risking damage during transportation. In 2008, negotiations on building four additional reactors at the site began. Though the capacity of these reactors had not been declared, it was expected that the capacity of each reactor will be 1,200 MW (1.2 GW). The new reactors would bring the total capacity of the power plant to 6,800 MW (6.8 GW).

The ground-breaking ceremony for construction of third and fourth units was performed on 17 February 2016 and AERB authorised the first pour of concrete on 19 June 2017. Construction of the third and fourth units started on 29 June 2017. AERB granted excavation permit for Unit 5 and 6 in 14 November 2018 and concrete pour begun in 2020. Construction of units 5 and 6 commenced on 29 June 2021. Unit 5 is expected to be ready for commissioning in December 2026, while unit 6 is expected to be ready by September 2027.

The students visited such a wonderful powerplant enthusiastically and learned about the power production in the plant.

## PERMISSION LETTER

From

R.Radhakrishnan  
Industrial Visit Coordinator  
Department of Electronics and Communication Engineering  
St.Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

To

The Principal  
St.Anne's College of Engineering and Technology  
Anguchettypalayam, Panruti.

Respected Sir,

SUB: Permission for Industrial Visit – Reg.

It is required to arrange an Industrial Visit for the III& IV Year students of our department in accordance to their academic curriculum in the area of Astrophysics. Hence, we are interested in requesting an industrial visit to Indian Institute of Astrophysics, ooty for further knowledge gaining of the students.

The Indian Institute of Astrophysics premier institute devoted to research in astronomy, astrophysics and related physics.

On this regard, we will be grateful if you could give permission for sending a requisition letter to the company for industrial visit in month of April.

Thanking you,

PLACE: Panruti

Date: 14.04.2022

20.04.2022

Dear Sir,

Sub: permission for Industrial Visit- Reg.

We introduce ourselves as St. Anne's College of Engineering and Technology, which started functioning from the year 2009-2010. We offer courses at the under graduate level in four areas of Engineering such as Computer Science and Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical and Electronics Engineering respectively.

As a part of the curriculum of 4<sup>th</sup> & 3<sup>rd</sup> year Department of Electronics and Communication Engineering Students Industrial visit is mandatory, so as to provide with them the real insight of working procedure of a esteemed organization such as yours and to fulfill the curriculum demand, we request you the Industrial visit.

Kindly accord permission to visit your esteemed organization for a team of 26, (04 Faculty & 22 Students) either in the forenoon or afternoon session on 22.04.2022.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of the nation.

Waiting with Anticipation

Thanking you

With Regards

*R. S. S. S.*

Cuddalore – 607 106

**Sub : Free Visit to Radio Astronomy Centre – Permission granted**

**Ref : Request date. 22/04/2022**

Dear Sir / Madam,

With reference to your visit request, we are pleased to accord our permission for visiting this Centre, as detailed below.

No. of Persons Visiting : 22 Students + 5 Staff members.

Date & Time of Visit : 22/04/2022 & 10:30 Hrs

\*\*\*\*\*

### **About the institution\*:**

The Radio Astronomy Centre (RAC) is purely a research organization engaged in research & training Ph.D students in the field of Radio Astrophysics. It operates the Ooty Radio Telescope (ORT), which is an equatorial mounted cylindrical parabolic of size 530m long and 30m wide. The Ooty Radio telescope has been designed and fabricated with domestic Indian technological resources. The ORT was completed in 1970 and continues to be one of the most sensitive radio telescopes in the world.

### **Note for the visitors:**

The visiting students will be shown a video show on the Ooty Radio Telescope (ORT) and basics of radio astronomy. They can also visit the telescope site and watch the rotation of the telescope (if possible). **Saturdays and Sundays are holidays** for the centre & hence if you plan to visit this centre on Saturdays, Sundays and Govt. holidays, you will be able to watch only the video show.

Staff members are requested to confirm the following, **bring a letter of permission to enter the campus**, all students wear valid Identity card issued by the College/Organization authorities and **maintaining the discipline in the campus**.

If you are bringing students for any industrial visit, you may please note that RAC is not a factory. No transport or accommodation will be provided by this centre for the above visit. This visit is offered absolutely **FREE of Cost**.

### **Advisory for visitors regarding COVID-19:**

**Visitors are advised to take all necessary COVID-19 related precautions to prevent themselves from getting infected or to avoid spreading COVID -19.** Visitors must **wear a suitable/standard mask** to cover his/her nose and mouth properly before entering the institute and keep it on until he/she exits the institute. Avoid any crowding during the visiting time and to **maintain physical distancing**.

**Visitors, who have been tested Covid-19 positive recently and are in compulsory/mandatory quarantine as per the Government's instructions/guidelines, shall not be allowed to enter the institute. Further, if any visitor is having mild fever, cold-cough etc., he/she is advised not to visit the centre to avoid spread of Covid-19 infection.**

### **How to reach?**

You can reach our centre from Ooty Bus Stand through Ooty Boat House – J.S.S. Public School – Theetukkal – Melcowhaty village route. Bring your vehicle up to our premises in order to avoid ~1 km walk.

With regards,

P. Praveen SA (C)

### Industrial Visit Report

**Venue:** National Centre for Radio Astrophysics, Ooty.

**Date:** 22-04-2022

#### Learning's from the Industrial Visit with Photograph:

The III year ECE students started the IV on 20.04.2022 at 10PM. Then they visited Doddabetta Tea & Chocolate factory, pine forest, botanical gardens, coonoor sims park, black thunder theme park on 21.04.2022. They visited the National Centre for of Astrophysics at morning session of the day on 22.04.2022. Then the session was started 10.am and the classes went for one hour theoretically, after that went to practical session about institute devoted to research in astronomy, astrophysics and related physics. The students have gained knowledge about the astronomy, astrophysics and related physics. A real time demo is shown to us about the astronomy, astrophysics and related physics. Students raised many questions regarding the seminar in technical. It was very useful to students. They reached college by 23.04.2022 at 3 am.

Members present: .

Anti - Ragging Committee coordinator.

Anti - Ragging Committee squad members.

Points discussed:

- ✓ Discussion made on the availability and sufficiency of CCTV cameras and also billboards regarding ragging located inside the college campus
- ✓ It is decided to watch students during break hours by Anti-Ragging squad members in and around the campus, yiz., canteen, hostel mess, playground, library etc to curb ragging.
- ✓ The hostel wardens are asked to go for surprise visit often inside the hostel premises.
- ✓ Principal appreciated the Anti-Ragging squad members for effectively executing the works and it is decided to maintain the ragging free environment inside the college and hostel campus.
