DATE:08-08-2023

PLACE: SANCET CAMPUS.

NSS Unit is organized a Tree Plantation at SANCET, Campus. Plantations of trees is important as they improve the life and fulfil essential needs of mankind. During photosynthesis, the trees breakdown food materials and consume carbon dioxide. Resultantly with the help of sunlight, the trees produce carbohydrates. Moreover, trees support life by providing habitat to different species such as squirrels, bees and birds. Trees represent life, growth, peace and nature. They produce oxygen, clean soil, prevent drought, control flood related disasters, prevent soil erosion, improve physiological, mental and spiritual health, and also reduce carbon footprints. NSS Program Officer Mr. K. Rackesh Jawaher motivate them to saplings the trees and initiate the students to take care of the saplings so that they grow into healthy trees. 100 saplings were planted in our campus. All the NSS volunteers and faculty members have participated in the programme. ## INDEPENDENCE DAY CELEBRATION

### REPORT

**DATE:**15-08-2023

**PLACE:** Irular Village, Anguchettypalayam.

SANCET proudly joined the nationwide celebration of Independence Day in the name of 'AzadiKa Amrit Mahotshav' to gracefully mark the seventy-six years of independence. What the first PM of Independent India proclaimed at the midnight of August 15 1947: 'at the stroke of the midnight hour, India will awake to life and freedom when the world sleeps'; was aptly captured the struggle and happiness of newly independent India as it finally managed to free itself from the clutches of British rule. India still marches ahead bearing those indelible marks with roots driven strongly on rich heritages to inspire the people globally.

The esteemed gestures of the Secretary of our college, Rev. Sr. Dr. T. Nirmala and our Vice-Principal Rev. Sr. A. Punitha Jilt had made this programme morememorable. Our Secretary hoisted the tricoloured flag and shared few words on sincere dedication of our father of nation, Mahatma Gandhi who is still recognized as an embodiment of non-violence. SANCET with meticulous plan accomplished the celebration at the adopted Irular Village, Irular Village and our NSS Volunteers distributed flags and sweets to the students and the people of the village. In this celebration, 100 NSS Volunteers are participated in this celebration.

## TREE PLANTATION REPORT

DATE:17-08-2023

PLACE: SANCET CAMPUS.

NSS Unit organized a Tree Plantation at SANCET, Campus in the time of NAAC Peer Team Visit. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees has become one of the most important today's aspects. The "Vana Mahotsav" which is celebrated every year in India to inculcate among the general public the need for planting more and more trees and preserving them for better and green environment. Trees cleanse the climate by absorbing carbon dioxide from the environment and releasing oxygen. The trees cool the environment through their leaves by absorbing the sun heat. Thus, there occurs cooling in the atmosphere. The trees provide shades to houses and street. This Plantation Programme, played role on the health & hygiene and cleanliness and awareness drive by the youngsters. Our NAAC Peer Team members were inaugurated the tree plantation. 20 saplings were planted in our campus. The program which was indented to promote environment development went on successfully with the close cooperation and involvement of the students. About 100 NSS Volunteers are participated in this Programme.

Menstrual hygiene management is an integral part of the Swachh Bharat Mission Guidelines (SBM-G) The Menstrual Hygiene Management Guideline is issued by the Ministry of Drinking Water and Sanitation to support all adolescent girls and women. The event starts with a knowledge enriching session with female students of all the year. This event focuses on creating awareness among female students regarding menstrual hygiene and personal sanitation. Menstruation is a natural, normal biological process experienced by all adolescent girls and women, yet it is not spoken about openly causing unnecessary embarrassment and shame India's 113 million adolescent girls are particularly vulnerable at the onset of menarche At this time they need a safe environment that offers protection and guidance to ensure their basic health, well-being and educational opportunity is realised. ## AWARENESS PROGRAMME ON TRANSGENDER

### REPORT

DATE:18-10-2023

PLACE: SANCET, AUDITORIUM

NSS unit in associated with Bar Council of Tamil Nadu organize “Awareness Programme on Transgender”. It was very interesting. With the enactment of the Transgender Persons (Protection of Rights) Act 2019 and the subsequent Rules 2020, along with the ongoing development of the Protection of Rights Rules 2022, this program was vital in bridging the gap between the transgender community, law enforcement authorities, and the legal academia. This programme is guided by the programme officers. Transgender persons are those who have a gender identity, or gender expression, that differs from their assigned sex. An individual’s gender expression is external and socially perceived. Whereas gender identity is one of the most fundamental aspects of life which refers to a person’s intrinsic sense of being male, female, transgender or transsexual person. Transgender persons have faced several issues of discrimination, historically, like exclusion from their families, absence of dignified livelihoods, and inadequate access to health, shelter, welfare, and employment. About 100 NSS volunteers and faculty members are attended in this program.

## WORLD ENVIRONMENT DAY- PLASTIC ERADICATION

### REPORT

DATE: 05-06-2024

PLACE: MANAPAKKAM BUS STOP.

As a part of the World Environment Day, NSS team organized Swachh Bharat activities in the Manapakkam Bus Stop. As we celebrate World Environmental Day this year, let's unite to tackle plastic pollution. An ambitious Global Plastics Treaty can help countries around the globe to transform the way they produce, consume, and dispose of plastics. Together, we can build a more sustainable future and safeguard biodiversity on which all life depends. Together, we can beat plastics pollution. The objective of the activity is to beat plastic pollution in the regions, and to raise awareness about the issue, thereby promoting environmental conservation. In order to keep the surrounding clean, all the faculty members and 100 NSS volunteers are collectively participated in the campaign. The degradable and non-degradable waste disposals was collected separately.
