INDEPENDENCE DAY CELEBRATION

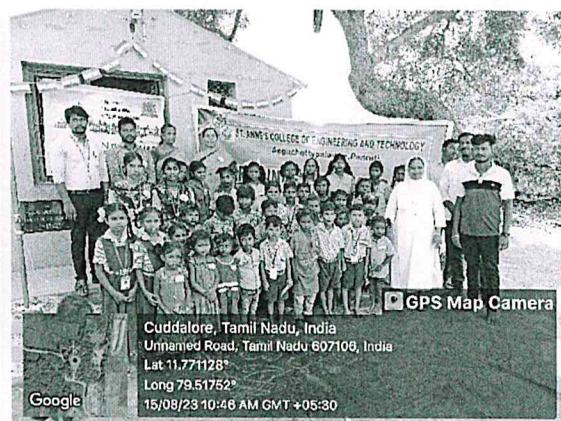

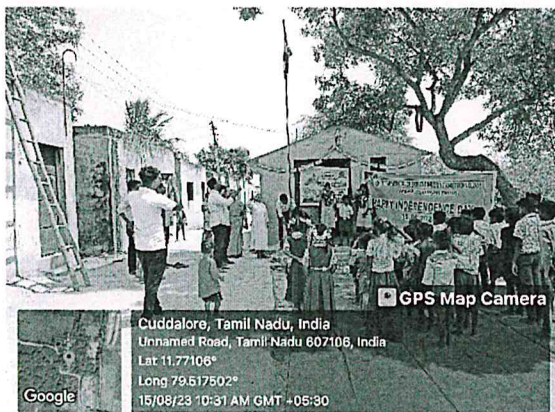

REPORT

DATE:15-08-2023

PLACE: Irular Village, Anguchettypalayam.

SANCET proudly joined the nationwide celebration of Independence Day in the name of 'AzadiKa Amrit Mahotshav' to gracefully mark the seventy-six years of independence. What the first PM of Independent India proclaimed at the midnight of August 15 1947: 'at the stroke of the midnight hour, India will awake to life and freedom when the world sleeps'; was aptly captured the struggle and happiness of newly independent India as it finally managed to free itself from the clutches of British rule. India still marches ahead bearing those indelible marks with roots driven strongly on rich heritages to inspire the people globally.

The esteemed gestures of the Secretary of our college, Rev. Sr. Dr. T. Nirmala and our Vice-Principal Rev. Sr. A. Punitha Jilt had made this programme morememorable. Our Secretary hoisted the tricoloured flag and shared few words on sincere dedication of our father of nation, Mahatma Gandhi who is still recognized as an embodiment of non-violence. SANCET with meticulous plan accomplished the celebration at the adopted Irular Village, Irular Village and our NSS Volunteers distributed flags and sweets to the students and the people of the village. In this celebration, 100 NSS Volunteers are participated in this celebration.

AWARENESS RALLY - INDIGENOUS TECHNOLOGIES FOR VIKSIT BHARAT

REPORT

DATE: 28.02.24.

PLACE: ANGUCHETTPALAYAM

On account of “NATIONAL SCIENCE DAY” 2024, National Service Scheme (NSS), SANCET organized awareness rally on "Indigenous Technologies for Viksit Bharat". In India, National Science Day honours the spirit of creativity and scientific research. The country celebrates Sir C.V. Raman's discovery of the Raman Effect, which won him the 1930 Nobel Prize in Physics, on February 28 of each year. This day serves as a reminder of the value of science and the ways in which it affects society. According to the theme of “Indigenous Technologies for Viksit Bharat,” this blog examines the importance of using indigenous technology and knowledge to advance India's development. Ever since 1987, our country has been celebrating the National Science Day on 28th February to commemorate the discovery of the ‘Raman Effect’ by one of the renowned Physicist of India- Sir CV Raman. The theme aims to foster public appreciation for science, technology, and innovation while highlighting the achievements of Indian Scientists in leveraging home-grown technologies to address pressing challenges. The rally started from Anguchettipalayam Busstop to SANCET. In this rally, 100 students are participated enthusiastically. The students are carrying different slogans in their hands, spread awareness among the masses about the innovation of new Science and Technology. The slogans shows Agriculture Innovations, Renewable Energy Solutions, Healthcare Innovations, and Revival of Indigenous Crafts.

WORLD ENVIRONMENT DAY- PLASTIC ERADICATION

REPORT

DATE: 05-06-2024

PLACE: MANAPAKKAM BUS STOP.

As a part of the World Environment Day, NSS team organized Swachh Bharat activities in the Manapakkam Bus Stop. As we celebrate World Environmental Day this year, let's unite to tackle plastic pollution. An ambitious Global Plastics Treaty can help countries around the globe to transform the way they produce, consume, and dispose of plastics. Together, we can build a more sustainable future and safeguard biodiversity on which all life depends. Together, we can beat plastics pollution. The objective of the activity is to beat plastic pollution in the regions, and to raise awareness about the issue, thereby promoting environmental conservation. In order to keep the surrounding clean, all the faculty members and 100 NSS volunteers are collectively participated in the campaign. The degradable and non-degradable waste disposals was collected separately.
