SANCET offers undergraduate courses in the field of engineering: B.E. Computer Science, Electronics and Communication, Electrical and Electronics and Mechanical Engineering. Qualified and committed staff, enthusiastic students and amazing infrastructure are three major components that contribute towards the progress, growth and reputation of our Institution. In fact, our students are the torch bearers and ambassadors of our Institution.

In 13 years of establishment in SANCET, we have created an excellent educational atmosphere, well maintained green campus and technically equipped labs that provide excellent training and employment opportunities with innovative ideas. We also conduct various co-curricular and extra-curricular activities for the students. Such activities promote the sense of social and ethical responsibilities, inculcate respect for environment, and impart skills of leadership and decision making.

SACET marches forward in the direction of our vision “to build a holistic society” with persistent dedication to our mission; Create, Illuminate and inspire based on cultural values and justice to evolve students as other centeredness from self-centeredness to serve the society in nation building. Also, it provides quality education for the rural students to become the world class engineers. We also organize various entrepreneurial programs by the technical experts to transform students into entrepreneurs. Students are exposed to the interaction with corporate leaders and leading industries. Training Programme in the areas of aptitude, quantitative reasoning, logical reasoning, critical thinking and communication skills intend to fetch promising placements in reputed companies.

The Parties have decided to agree to establish Incubation Centre - Academic collaboration in the areas of mutual interest and in accordance with the terms and conditions set forth in this Memorandum of Understanding (MoU), **AIC-**
