

## e- Governance at St. Anne's College of Engineering and Technology (SANCET)

St. Anne's College of Engineering and Technology (SANCET) successfully implements e-governance through CEEMS Enterprise resource planning (ERP) and other official portals to run day to-day activities. It is an automatic integrated system which makes the support facilities more effective and efficient in turn accessing the data now and then. SANCET has the following major categories of e- governance.

### ADMINISTRATION

The following administrative activities are implemented

- E-governance is implemented in the SANCET administration such as website management, staff and student's database, Staff attendance monitoring using biometric system, online feedback through ERP system, maintenance and service, CCTV camera, whatsapp and email.
- Profile of all the students and staff are entered in the CEEMS ERP for quick access of the data.
- An automatic attendance monitoring using biometric system (Smart office) is furnished at SANCET for monitoring teaching and non-teaching staff attendance.
- The online feedback is collected from students and staff about teaching learning process and ambiance of the college through CEEMS ERP system.
- Maintenance of equipments and building is monitored by ERP.
- All official information and communications to the teaching and non-teaching staff are sent through WhatsApp and email.
- Campus is furnished with CCTV surveillance system at various places for monitoring the entire campus activities.
- Transfer certificate is provided to the students through CEEMS ERP.
