## TREE PLANTATION AND CAMPUS CLEANING PROGRAMME REPORT

**DATE:** 24-09-2021

**PLACE:** St. Anne's College of Engineering & Technology

St. Anne's College of Engineering and Technology, Panruti successfully completed the event of "Tree Plantation and Campus Cleaning" under the National Service Scheme (NSS) at college campus on Friday, 24th September, 2021 which is celebrated as "NSS day". Every man needs the oxygen for their life and trees are the foremost source of oxygen as well as trees help to reduce the level of CO<sub>2</sub>. As we all know that the whole world is facing the problem of global warming and to recover from such a problem planting trees has become one of the most important aspects of today's life. The event was begun with a welcome speech by our NSS Officer and then we all moved towards the place where tree plantation took place. A very first tree was planted by our Secretary Rev. Sr. Dr. Y. Yesu Thangam in our college premises and then Principal Dr. R. Arokiadass, Vice-Principal Sr. Punitha Jilt also planted a tree. Total trees planted by all others including staffs, volunteers and other students was more than 100 on the day. Then all the NSS Volunteers and students were engaged in this cleaning programme. The NSS officer Mr. J. Ramesh divided the NSS Volunteers into several groups. Each group's members were allocated with a particular area for cleaning. Three groups were asked to collect all the stones from the ground separately in different sacks. The renewable wastes such as dry leaves, twigs, papers etc. and non-renewable wastes such as carry bags, plastic items etc. were collected separately. The renewable waste was collected and burnt. At the end the NSS volunteers were happy and experienced pride after the tree plantation event was finished, because it really feels great to do positive for the nature.
